P.s.t., May 22, 1960, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 372,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: May 12, 1960.

FLOYD F. HEDLUND,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Correction

In F.R. Document 60–4116 appearing in the issue for Saturday, May 7, 1960, at page 4076, make the following change: In paragraph (c), line 2, the parenthetical material should read "(±0.5 degrees)".

Title 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

SUBCHAPTER C—REGULATIONS UNDER SPECIFIC ACTS OF CONGRESS

PART 303—RULES AND REGULATIONS UNDER THE TEXTILE FIBER PRODUCTS IDENTIFICATION ACT

Miscellaneous Amendments

On February 23, 1960, a notice of proposed rule making was issued by the Commission and published in the FEDERAL REGISTER on February 24, 1960. Such notice stated that the Commission would on March 10, 1960, at its offices in the City of Washington, District of Columbia, give consideration to an amendment of §§ 303.14, 303.16(b), 303.29(a) and 303.45 (Rules 14, 16(b), 29(a) and 45) of Part 303, Rules and Regulations under the Textile Fiber Products Identification Act. Such notice provided that interested parties might participate by submitting in writing to the Commission on or before such date their views, arguments or other data and further provided that written rebuttal could be submitted until March 16, 1960. A draft of the proposed amendments was made a part of the notice.

Pursuant to such notice, interested parties were afforded an opportunity to submit their views, arguments or other data in writing through March 10, 1960, and opportunity was afforded for the submission of written rebuttal until March 15, 1960. All views, arguments and data presented have been made a part of the record.

After due consideration of the proposed amendments, suggested revisions, deletions and additions thereto, together with all views, arguments and other data submitted, the following amendments to §§ 303.14, 303.16(b), 303.29(a) and 303.45 (Rules 14, 16(b), 29(a) and 45) or Part 303, Rules and Regulations under the Textile Fiber Products Identification Act (72 Stat. 1717, 15 U.S.C. 70) are hereby promulgated. Inasmuch as all of the amendments involve a relaxation of the previous requirements of such Rules, such amendments are hereby made effective upon publication in the FEDERAL REGISTER.

The amendments are as follows:

1. An amendment of § 303.14 (Rule 14) under the authority of section 7(c) so as to extend the application of § 303.14 (Rule 14) to products composed in part of miscellaneous scraps, rags, odd-lots, textile byproducts, secondhand materials or waste material of unknown and for practical purposes undeterminable fiber content and in part of known or determinable fibers. The amended rule further permits more concise terminology to be utilized without relaxing the basic requirements of the rule as to the information required to be disclosed with reference to products or portions of products composed of miscellaneous scraps, odd lots, textile byproducts, secondhand materials or waste material of unknown and for practical purposes undeterminable fiber content. As amended, the rule reads as follows:

§ 303.14 Products containing unknown fibers.

(a) Where a textile fiber product is made from miscellaneous scraps, rags, odd lots, secondhand materials, textile by-products, or waste materials of unknown, and for practical purposes, undeterminable fiber content, the required fiber content disclosure may, when truthfully applicable, in lieu of the fiber content disclosure otherwise required by the Act and regulations, indicate that such product is composed of miscellaneous scraps, rags, odd lots, textile byproducts, secondhand materials (in case of secondhand materials, words of like import may be used) or waste materials, as the case may be, of unknown or undetermined fiber content, as for example:

Made of miscellaneous scraps of undetermined fiber content

100% unknown fibers—rags

All undetermined fibers—textile by-products

100% miscellaneous odd lots of undetermined fiber content

Secondhand materials—fiber content unknown

Made of unknown fibers—waste materials

(b) Where a textile fiber product is made in part from miscellaneous scraps, rags, odd lots, textile by-products, second-hand materials or waste materials of unknown and, for practical purposes, undeterminable fiber content together with a percentage of known or determinable fibers, the required fiber content disclosure may, when truthfully applicable, in lieu of the fiber content disclosure otherwise required by the Act and regulations, indicate the percentage of miscellaneous scraps, rags, odd lots, secondhand materials (in case of secondhand materials, words of like import may be used), textile by-products, or waste materials of unknown or undetermined fiber content and the percentage of known fibers, as for example:

45% Rayon
30% Acetate
25% Miscellaneous scraps of undetermined fiber content.

60% Cotton
40% Unknown fibers—waste materials.

40% Acrylic
20% Modacrylic
40% Undetermined fibers—odd lots.

50% Polyester
30% Cotton
20% Textile by-products of undetermined fiber content.

50% Rayon
50% Secondhand materials—fiber content unknown.

45% Acetate
30% Cotton
25% Miscellaneous rags—undetermined fiber content.

(c) No representation as to fiber content shall be made as to any textile product or any portion of a textile fiber product designated as composed of unknown or undetermined fibers. If any such representation is made, a full and complete fiber content disclosure shall be required.

(d) Nothing contained in this section shall excuse a full disclosure as to fiber content if the same is known or practically ascertainable.

§ 303.16 [Amendment]

2. An amendment of paragraph (b) of § 303.16 (Rule 16) under the authority of section 7(c) so as to permit the name or registered identification number required by the Act to conspicuously appear on a separate label which is prominently and conspicuously displayed in close proximity with the label containing the other required information. Paragraph (b) of § 303.16 (Rule 16) shall hereafter read:

(b) All parts of the required information shall be conspicuously and separately set out on the same side of the label in such a manner as to be clearly legible and readily accessible to the prospective purchaser, and all parts of the fiber content information shall appear in type or lettering of equal size and conspicuousness: *Provided, however,* That the required name or registered identification number may appear on the reverse side of the label if it is conspicuous and accessible: *And provided further,* That the required name or registered identification number may be conspicuously set out on a separate label which is prominently and conspicuously

displayed in close proximity to the label containing the other required information. Where only one end of a cloth label is sewn to the product in such a manner that both sides of the label are readily accessible to the prospective purchaser, the required fiber content information may appear on the reverse side of the label if the front side of such label clearly and conspicuously shows the wording "Fiber Content on Reverse Side." On products as to which sectional disclosure is used, an additional nondeceptive label may be used showing the complete fiber content information as to a particular section or area of the product.

§ 303.29 [Amendment]

3. An amendment of paragraph (a) § 303.29 (Rule 29) under the authority of section 7(c) so as to permit the required information as to textile fiber products consisting of two or more parts, units or items of different fiber content to be set out on a single label in such a manner as to separately show the fiber composition of each part, unit or item, where such parts, units or items are marketed and handled as a single product or ensemble and are sold and delivered to the ultimate consumer as a single product or ensemble. Paragraph (a) of § 303.29 (Rule 29) shall hereafter read:

(a) Where a textile fiber product consists of two or more parts, units, or items of different fiber content, a separate label containing the required information shall be affixed to each of such parts, units, or items showing the required information as to such part, unit, or item: *Provided,* That where such parts, units, or items are marketed or handled as a single product or ensemble and are sold and delivered to the ultimate consumer as a single product or ensemble, the required information may be set out on a single label in such a manner as to separately show the fiber composition of each part, unit, or item.

§ 303.45 [Amendment]

4. An amendment of paragraph (a) of § 303.45 (Rule 45) under the authority of section 7(c) of the Act by adding another subparagraph thereto so as to exclude the products listed in such subparagraph from the operation of the Act pursuant to section 12(b) of the Act and under the conditions prescribed by § 303.45 (Rule 45). Such products are excluded from the operation of the Act since it is deemed that the fiber content is inconsequential and that the disclosure thereof is not necessary for the protection of the ultimate consumer. Such subparagraph shall follow subparagraph (6) of paragraph (a) of § 303.45 (Rule 45) and shall read:

(7) All curtains, casements, draperies, and table place mats, or any portions thereof otherwise subject to the Act, made principally of slats, rods, or strips, composed of wood, metal, plastic, or leather.

5. An amendment of paragraph (b) of § 303.45 (Rule 45) under the authority of section 7(c) and pursuant to the authority of section 12(b) to provide for the exclusion of certain products from the application of the Act. Such amendment relaxes the requirements of paragraph (b) of § 303.45 (Rule 45) to the extent of permitting a disclosure of fiber content information in accordance with the Act and regulations on labels or in advertisements relating to products excluded from the operation of the Act by § 303.45 (Rule 45) without causing such products to otherwise lose their exclusion. Paragraph (b) of § 303.45 (Rule 45) shall hereafter read:

(b) The exclusions provided for in paragraph (a) of this section shall not be applicable (1) if any representations as to the fiber content of such products are made on any label or in any advertisement without making a full and complete fiber content disclosure on such label or in such advertisement in accordance with the Act and regulations with the exception of those products excluded by subparagraph (6) of paragraph (a) of this section, or (2) if any false, deceptive, or misleading representations are made as to the fiber content of such products.

(Sec. 7, 72 Stat. 1717; 15 U.S.C. 70e)

Issued: May 13, 1960.

By direction of the Commission.

[SEAL] ROBERT M. PARRISH, *Secretary.*

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart C—Food Additives Permitted in Animal Feed or Animal-Feed Supplements

Subpart D—Food Additives Permitted in Foods for Human Consumption

RESERPINE IN CHICKEN AND TURKEY FEED, IN EGGS FROM CHICKENS, AND IN MEAT FROM CHICKENS AND TURKEYS

The Commissioner of Food and Drugs, having evaluated the data submitted in petitions filed by Ciba Pharmaceutical Products, Inc., Summit, New Jersey, and other relevant material, has concluded that the addition of the food additive reserpine to feed for chickens and turkeys will present no hazard to the health of such animals when such additive is incorporated in such feed in the amounts, for the purposes, and under the conditions set forth in the following regulation promulgated pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (23 F.R. 9500). *Therefore, it is ordered,* That the food additive regulations (24 F.R. 2434) be amended by adding to Subpart C the following new section:

§ 121.205 Reserpine in chicken and turkey feed.

The food additive reserpine may be safely used in chicken and turkey feed when incorporated therein in accordance with the conditions prescribed in this section:

(a) It is intended for use only in improving productive performance in chickens (broilers and laying hens) and in the prevention and control of outbreaks of aortic rupture in turkeys.

(b) The quantity of the additive permitted to be used or to remain in or on medicated chicken or turkey feed for the purposes indicated in paragraph (a) of this section is as follows:

(1) 2.0 parts per million (0.0002 percent) in medicated chicken feed for laying hens, to improve performance under stressful environmental conditions.

(2) 1.0 part per million (0.0001 percent) in medicated chicken feed for broilers, to improve productive performance under stressful environmental conditions.

(3) 1.0 part per million (0.0001 percent) in medicated turkey feed to aid in the treatment of outbreaks of aortic rupture, the feed to be administered for a period not to exceed 5 days.

(4) 0.2 part per million (0.00002 percent) in medicated turkey feed to aid in the prophylaxis of aortic rupture in turkeys, for continuous use if necessary.

(c) To assure safe use of the additive in medicated feeds, the label of the basic raw material and premixes shall contain, in addition to the other information required by the act, the following:

(1) The name of the additive, reserpine.

(2) A statement of the concentration or strength of the additive in the basic raw material and in the premix.

(3) Appropriate and accurate mixing directions to provide a final feed with the proper concentration of the additive, whether or not intermediate premixes are also to be used.

(4) Appropriate and accurate use directions to provide a final feed labeled with the concentration and conditions for which the medicated feed is to be used, and how it is to be used.

(5) The word "medicated," prominently and conspicuously wherever the term "feed" or "premix" is used, and in juxtaposition therewith.

(6) The statement "For use in chicken and turkey feed only."

(d) To assure safe use of the additive, the label of the finished medicated feed shall contain, in addition to the other information required by the act, the following:

(1) The name of the additive, reserpine.

(2) A statement of the appropriate concentration and applicable use directions for the concentration of the additive contained in the finished medicated feed, as described in paragraph (b) of this section.

(3) The word "medicated," prominently and conspicuously wherever the word "feed" is used, and in juxtaposition therewith.
