Title 16—Commercial Practices

CHAPTER I—FEDERAL TRADE COMMISSION

SUBCHAPTER A—PROCEDURES AND RULES OF PRACTICE

PART 4—MISCELLANEOUS RULES

Public Records, Confidential Information, and Freedom of Information Act Requests

On February 21, 1975, the Federal Trade Commission published in the FEDERAL REGISTER (40 FR 7628) its revised regulations relating to public records, inspection and copying of records, exempted records, and requests for disclosure of records. To remove a possible ambiguity concerning the applicability of Freedom of Information Act exemptions to Congressional committee requests and to clarify the procedure to be utilized by other agencies in requesting Commission records in cases in which a formal liaison arrangement exists between those agencies and the Commission, § 4.11(b) is amended to read as follows:

§ 4.11 Requests for disclosure of records.

* * * * *

(b) *Requests from Government Agencies and Congressional Committees.* (1) Requests from Congressional committees and subcommittees shall be referred to the General Counsel for processing, subject to the provision in 5 U.S.C. section 552(c) that that section is not authority to withhold information from Congress.

(2) Requests from agencies of the Federal Government shall be referred to the liaison officer for the requesting agency, or if there is none, to the General Counsel for determination. If it is determined that the records are not exempt under 5 U.S.C. 552(b), the request shall be granted. If it is determined that the records are exempt, the matter shall be forwarded to the Commission for final determination.

For similar clarification purposes, the phrase "administrative manuals" contained in § 4.10(a)(1), which is also used in § 4.9(b)(1) and thus may be confusing, should be deleted. Section 4.10(a)(1) is therefore amended to read as follows:

§ 4.10 Confidential information.

(a) * * *

(1) Records, except to the extent required to be disclosed under other laws or regulations, related solely to the internal personnel rules and practices of the Commission. This exemption applies to internal rules or instructions to Commission personnel which must be kept confidential in order to assure effective performance of the functions and activities for which the Commission is responsible and which do not affect members of the public.

* * * * *

(15 U.S.C. 41, et seq., 5 U.S.C. 552)

Effective date: May 29, 1975.

By direction of the Commission dated May 9, 1975.

[SEAL] CHARLES A. TOBIN,
Secretary.

Correction

In FR Doc. 75-12437 appearing at page 20614 in the issue for Monday, May 12, 1975, on page 20615 in the last column, the fifth paragraph, the fifth line, the U.S.C. cite should read "5 U.S.C. 553(d)."

Title 24—Housing and Urban Development

CHAPTER X—FEDERAL INSURANCE ADMINISTRATION

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-584]

PART 1916—CONSULTATION WITH LOCAL OFFICIALS

Modification of Existing Base Flood Elevations Determinations in Orleans Parish, Louisiana

On March 6, 1970, at 53 FR 4208-9, and October 19, 1971, at 36 FR 20225, the Federal Insurance Administrator published lists of communities with Special Flood Hazard Areas and the map numbers and locations where Flood Insurance Rate Maps were available for public inspection. These lists included Flood Insurance Rate Maps for portions of Orleans Parish, Louisiana.

The Federal Insurance Administration has determined that it is appropriate to modify the base (100-year) flood elevations of some locations in Orleans Parish, Louisiana. These modified elevations are currently in effect and amend the Flood Insurance Rate Map, which was in effect prior to this determination. A revised map will be published as soon as possible. The modifications are made in accordance with section 206 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234) and the National Flood Insurance Act of 1968, as amended, (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90-448) 42 U.S.C. 4001-4128, and 24 CFR Part 1916.

For rating purposes, the new community number is 225203A and must be used for all new policies and renewals.

Under the above mentioned Acts of 1968 and 1973 the Administrator must develop criteria for flood plain management. In order for the community to continue participation in the National Flood Insurance Program, the community must use the modified elevations to carry out the flood plain management measures of the Program. These modified elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The modified elevations are in effect. However, from the date of this notice, any person has 90 days in which he can
