satisfaction. If not completely satisfied with Acme Spot Remover, return the unused portion within 30 days for a full refund."

Example B: (In an advertisement mentioning a money back guarantee that is conditioned upon return of the product in its original packaging) "Money Back Guarantee! Just return the ABC watch in its original package and ABC will fully refund your money."

§ 239.4 "Lifetime" and similar representations.

If an advertisement uses "lifetime," "life," or similar representations to describe the duration of a warranty or guarantee, then the advertisement should disclose, with such clarity and prominence as will be noticed and understood by prospective purchasers, the life to which the representation refers.

Examples: These examples are for both print and broadcast advertising. These examples are illustrative, not exhaustive.

Example A: (In an advertisement mentioning a lifetime guarantee on an automobile muffler where the duration of the guarantee is measured by the life of the car in which it is installed) "Our lifetime guarantee on the Whisper Muffler protects you for as long as your car runs—even if you sell it, trade it, or give it away!"

Example B: (In an advertisement mentioning a lifetime guarantee on a battery where the duration of the warranty is for as long as the original purchaser owns the car in which it was installed) "Our battery is backed by our lifetime guarantee. Good for as long as you own the car!"

§ 239.5 Performance of warranties or guarantees.

A seller or manufacturer should advertise that a product is warranted or guaranteed only if the seller or manufacturer, as the case may be, promptly and fully performs its obligations under the warranty or guarantee.

By direction of the Commission.

Benjamin I. Berman,

Acting Secretary.

Used Car Trade Regulation Rule; Application to OMB for Review of Information Collection Requirements

AGENCY: Federal Trade Commission.

ACTION: Application to OMB for review of information collection requirements.

SUMMARY: Pursuant to the Paperwork Reduction Act (44 U.S.C. 3501 et. seq.), the FTC is requesting OMB review under 5 CFR 1320.14 of public disclosure requirements contained in its Used Car trade regulation rule. The request is for a three-year approval for the disclosure requirements of the rule, which is scheduled to take effect in the near future.

DATES: Comments on this request for OMB review must be submitted on or before May 31, 1985.

ADDRESS: Send comments to Mr. Don Arbuckle, Office of Information Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 3228, Washington, D.C. Copies of the applications may be obtained from: Public Reference Branch, Room 130, Federal Trade Commission, Washington, D.C. 20580.

FOR FURTHER INFORMATION CONTACT: Christian S. White, Assistant General Counsel, Federal Trade Commission, Washington, D.C. 20580, (202) 523-3776.

By direction of the Commission.

Dated: April 23, 1985.

Emily H. Rock,

Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Parts 556 and 558

Tolerances for Residues of New Animal Drugs in Food; New Animal Drugs for use in Animal Feeds; Amprolium for Pheasants

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the animal drug regulations to reflect approval of a supplemental new animal drug application (NADA) filed by Merck Sharp & Dohme Research Laboratories, Division of Merck & Co., Inc., providing for use of an amprolium premix to make a complete feed for the prevention of coccidiosis in growing pheasants. FDA is also establishing a tolerance for amprolium residues in uncooked edible pheasant tissues.

EFFECTIVE DATE: May 1, 1985.

FOR FURTHER INFORMATION CONTACT: Adriano R. Gabuten, Center for Veterinary Medicine (HFV-135), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-443-4913.

SUPPLEMENTARY INFORMATION: Merck Sharp & Dohme Research Laboratories, Division of Merck & Co., Inc., Rahway, NJ 07065, filed supplemental NADA 12-350 providing for use of a 25-percent (113.5 grams per pound) amprolium premix to make a complete pheasant feed containing 0.0175 percent (159 grams per ton) amprolium. The feed is used for the prevention of coccidiosis in growing pheasants caused by *Eimeria colchici, E. duodenalis,* and *E. phasiani.* The supplement incorporates data and information in Public Master File (PMF) 3887. A notice of availability of certain safety, effectiveness, and environmental data in the public master file for use in support of NADA's providing for use of amprolium in pheasant feed published in the **Federal Register** of December 24, 1984 (49 FR 49940). The supplement is approved. The regulations are amended to reflect this approval and to establish a tolerance for amprolium residues in uncooked edible tissues derived from treated animals. The basis for approval is discussed in the freedom of information summary.

In accordance with the freedom of information provisions of Part 20 (21 CFR Part 20) and § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)), a summary of safety and effectiveness data and information submitted to support approval of this application may be seen in the Dockets Management Branch (HFA-305), Food and Drug Administration, Rm. 4-62, 5600 Fishers Lane, Rockville, MD 20857, from 9 a.m. to 4 p.m., Monday through Friday.

The Center for Veterinary Medicine has carefully considered the potential environmental effects of this action and has concluded that the action will not have a significant impact on the human environment and that an environmental impact statement therefore will not be prepared. The Center's finding of no significant impact and the evidence supporting this finding, contained in an environmental assessment (pursuant to 21 CFR 25.31, proposed December 11, 1979; 44 FR 71742) may be seen in the Dockets Management Branch (address above), filed under PMF 3887.
