RODNEY AND KIRK GOING
TO BOXES OF HATS

RODNEY AND KIRK BY
BOXES OF PRODUCT

Kirk is shipping out more than 400
hats. The profits are all his.

Rodney:

Well, this must be the product.

Kirk:

Yeah, we have the pith or the solar fan
hat has a solar voltaic cell on top.

Rodney:

So this is a solar cell that collects
the sun's rays and turns it into
electricity?

Kirk:

Yeah, exactly. Or you have a battery
backup for shade or night time. Yeah,
and what it does is with a moistened
sponge here, it works just like an
induct cold system on your head. It's
fantastic.

RODNEY AND KIRK

Rodney:

Ah ha. It's a great idea.

Kirk:

Oh yeah.

CU HAT

It's one of the best items I've found.
I've found, you know, just basically
through one of the Mellinger programs.

IN RODNEY

Rodney:

Really? What was it like when the
suspense they started to roll on?

(as reflected in)

Ruth and Margaret Evans
Recovering from a job related injury, Mr. Evans sought a part time business he could start on a shoestring. The family has answer in the Mellinger Plan. He and his wife, Margaret, devote just one or two days a week to their business and report last year sales of \$55,000.00 including a single day's sales of \$5,000.00! They now serve about 150 customers and are "trying for a million!"

Nicole Allen
This 26 year old former private secretary knew exactly what she wanted when she contacted The Mellinger Co., "I wanted my own business and I wanted to make money!" In two months after starting with a borrowed \$500.00, she had paid off her previous bills and in six months made \$45,000.00! She gives the Mellinger World Trade/Mail Order Plan and her Membership in International Traders great credit for her rapid success. Do it this way, she says, and "anything can be done!"

Ademola Ogunbanwo
Using advice from the Mellinger Plan and exhibiting at Mellinger Trade Shows, this Nigerian-born inventor has turned the tide of success in his direction. His first year brought \$30,000.00 and recently had sales of \$41,920.00. In a single day! About International Traders he states, "It's the best organization in the business world."

David Stollenberg
After eleven years as an executive for a steamship line, Mr. Stollenberg learned much about World Trade. Using Mellinger advice, one of his products enjoyed Mail Order sales of more than \$13,000.00 without his spending even a single dollar on advertising. His single day's sales have run as high as \$32,000.00 and anticipates sales of more than \$450,000.00 in the coming year.

C. Richard Carpenter
"I learned more at a Mellinger World Trade/Mail Order Seminar than I did in an eight week course at a local college! Since the Seminar I make it a point, before making any important decision, to look to the Mellinger Plan."

Brian Winch
Mr. Winch used the Mellinger Product Research Program to locate a source for his "Litter-Catch", a cleanup tool used in his business. Using Mail Order techniques taught by Mellinger, he marketed "Litter-Catch" and a janitorial sales plan, "Cleaning For Cash". The result? \$200,000.00 annual sales!

Pat Almong
Marketing her own creation, the "Wacky Umbrella," Pat reports a single day's sales as high as \$1,700. Estimated earnings in the next 12 months...\$50,000 to \$80,000.

Fred Olivo
Concentrating on imported sports equipment, Mr. Olivo took in \$35,000.00 the first year, devoting only a few hours a day away from his full-time men's hair salon. At age 61, Fred Olivo now knows his future is secure, and profitable!

Kirk Yager

DECISION AND ORDER

The Federal Trade Commission having initiated an investigation of certain acts and practices of the respondents named in the caption hereof, and the respondents having been furnished thereafter with a copy of a draft complaint that the Bureau of Consumer Protection proposed to present to the Commission for its consideration and that, if issued by the Commission, would charge the respondents with violation of the Federal Trade Commission Act, 15 U.S.C. 45 *et seq.*; and

The respondents, their attorney, and counsel for the Commission having thereafter executed an agreement containing a consent order, an admission by the respondents of all the jurisdictional facts set forth in the aforesaid draft of complaint, a statement that the signing of said agreement is for settlement purposes only and does not constitute an admission by respondents that the law has been violated as alleged in such complaint, and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined that it had reason to believe that the respondents have violated the said Act, and that a complaint should issue stating its charges in that respect, and having thereupon accepted the executed consent agreement and placed such agreement on the public record for a period of sixty (60) days, now in further conformity with the procedure prescribed in Section 2.34 of its Rules, the Commission hereby issues its complaint, makes the following jurisdictional findings and enters the following order:

1. Respondent 1554 Corporation is a California corporation, with its office and principal place of business located at 6100 Variel Ave., Woodland Hills, CA. His principal office or place of business is the same as that of the corporate respondent.

2. The Federal Trade Commission has jurisdiction over the subject matter of this proceeding and of the respondents, and the proceeding is in the public interest.
