

Complaint

126 F.T.C.

IN THE MATTER OF

FEDERAL-MOGUL CORPORATION, ET AL.

CONSENT ORDER, ETC., IN REGARD TO ALLEGED VIOLATION OF
SEC. 7 OF THE CLAYTON ACT AND SEC. 5 OF THE
FEDERAL TRADE COMMISSION ACT

Docket C-3836. Complaint, Dec. 4, 1998--Decision, Dec. 4, 1998

This consent order requires, among other things, Federal-Mogul Corporation to divest T&N's thin-wall bearings business, Glacier Vandervell Bearings Group, to a Commission-approved buyer. The consent order allows Federal-Mogul to retain a royalty-free license to use the shared patents that were in use for former T&N products other than thin-wall bearings.

Participants

For the Commission: *Philip Eisenstat, Wallace Easterling, Joseph Krauss, William Baer, Oliver Grawe, and Jonathan Baker.*

For the respondents: *Mark Leddy, Cleary, Gottlieb, Steen & Hamilton, Washington, D.C. and Deborah Feinstein, Arnold & Porter, Washington, D.C.*

COMPLAINT

The Federal Trade Commission ("Commission"), having reason to believe that respondent Federal-Mogul Corporation ("Federal-Mogul"), a corporation subject to the jurisdiction of the Commission, has made a cash tender offer to acquire all of the common stock of T&N plc ("T&N"), an entity subject to the jurisdiction of the Commission, in violation of the provisions of Section 7 of the Clayton Act, as amended, 15 U.S.C. 18, and Section 5 of the Federal Trade Commission Act ("FTC Act"), as amended, 15 U.S.C. 45, and it appearing to the Commission that a proceeding by it in respect thereof would be in the public interest, hereby issues its complaint, stating its charges as follows:

I. THE RESPONDENTS

1. Respondent Federal-Mogul Corporation ("Federal-Mogul") is a corporation organized, existing and doing business under and by virtue of the laws of the State of Michigan, with its office and principal place of business located at 26555 Northwestern Highway, Southfield, Michigan. In 1996, Federal-Mogul had worldwide net sales of approximately \$2 billion.

2. Respondent T&N plc ("T&N") is a corporation organized under the laws of the United Kingdom, with its principal offices located at Manchester International Office Center, Styal Road, Manchester M22 5TN, England. In 1995, T&N had worldwide revenue of approximately \$3.2 billion, including sales in the United States totaling approximately \$877 million.

II. JURISDICTION

3. At all times relevant here, respondents have been, and are now, corporations as "corporation" is defined in Section 4 of the FTC Act, 15 U.S.C. 44; and at all times relevant herein, the respondents have been, and are now, engaged in commerce as "commerce" is defined in Section 1 of the Clayton Act, as amended, 15 U.S.C. 12, and in Section 4 of the FTC Act, 15 U.S.C. 44.

III. THE PROPOSED ACQUISITION

4. On or about October 16, 1997, Federal-Mogul notified T&N of Federal-Mogul's intention to commence a cash tender offer to acquire 100 percent of the voting securities of T&N plc (the "Acquisition"), for approximately \$2.4 billion.

IV. THE RELEVANT MARKETS

A. *Relevant Product Markets*

5. The development, manufacture and sale of fluid film or "plain" thinwall bearings ("thinwall bearings") is one relevant line of commerce within which to analyze the competitive effects of the proposed acquisition. Thinwall bearings have a wall thickness of approximately three-eighths of an inch or less, and include half bearings, bushings and thrust washers. Thinwall bearings are a type of bearing used in automobile, truck and heavy equipment engines and other vehicle applications and in certain industrial applications. The surface of thinwall bearings is coated with a film of oil and the thinwall bearings are used to separate two materials to prevent friction and the resulting heat from damaging or destroying parts. There are no economic substitutes for thinwall bearings. Both Federal-Mogul and T&N develop, manufacture and sell thinwall bearings.

6. The development, manufacture and sale of thinwall bearings for use in automobile and light truck engines ("light duty engine

bearings") and which are sold to original equipment manufacturers ("OEMs") for use in the manufacture of engines is another relevant line of commerce within which to analyze the competitive effects of the proposed acquisition. Not all thinwall bearings can be used as light duty engine bearings. Each automobile and light truck engine must have light duty engine bearings that are specifically designed and engineered for that engine. There are no economic substitutes for light duty bearings sold to OEMs. Both Federal-Mogul and T&N develop, manufacture and sell light duty engine bearings.

7. The development, manufacture and sale of thinwall bearings for use in heavy truck engines and heavy equipment engines ("heavy duty engine bearings") and which are sold to OEMs for use in the manufacture of engines is another relevant line of commerce within which to analyze the competitive effects of the proposed acquisition. Not all thinwall bearings can be used as heavy duty engine bearings. Each heavy truck and heavy equipment engine must have heavy duty engine bearings that are specifically designed and engineered for that engine. There are no economic substitutes for heavy duty bearings sold to OEMs. Both Federal-Mogul and T&N develop, manufacture and sell heavy duty engine bearings.

8. The manufacture and sale of light duty engine bearings and heavy duty engine bearings which are sold to the automotive and truck aftermarket ("aftermarket bearings") is another relevant line of commerce within which to analyze the competitive effects of the proposed acquisition. The automotive and truck aftermarket is the industry that services or repairs automobiles and trucks after the vehicles are no longer covered by the OEM warranty. Each engine that is serviced in the aftermarket and that requires new bearings must have bearings that are specifically designed to fit in that engine. There are no economic substitutes for light duty and heavy duty bearings sold to the aftermarket. Both Federal-Mogul and T&N manufacture and sell aftermarket bearings.

B. Relevant Geographic Market

9. The relevant geographic area in which to analyze the effects of the Acquisition in the relevant lines of commerce is the world.

10. With few exceptions, each automobile and truck engine has a unique set of bearings that are designed only to be used in that engine and cannot be used in any other engine.

11. Different consumer preferences for engines, based on such things as different fuel costs, different fuel preferences, different pollution regulations, and different road conditions, all lead engine builders to build different engines in different parts of the world. The engines built to reflect differences in consumer demand have different requirements in terms of the properties they must have. These differences in the properties of engines mean that the engine bearings used in these engines must also have different properties. Customers who purchase bearings, including engine manufacturers, as well as aftermarket service businesses, can and do purchase thinwall bearings from producers located throughout the world so long as the producers can develop and manufacture thinwall bearings that will meet the particular requirements of engines in a given customer's part of the world.

12. Engine manufacturers in the United States have particular performance and engineering requirements for their engine bearings that differ from the requirements facing engine manufacturers in other parts of the world. Engine manufacturers in the United States can and do purchase thinwall bearings from bearing producers located throughout the world that can develop and manufacture bearings that meet the needs of engine manufacturers in the United States.

V. MARKET STRUCTURE

13. While customers for thinwall bearings can turn anywhere in the world, the thinwall bearings that they buy must be engineered to the particular applications of the customers. The best measure of a thinwall bearings producer's ability to meet the applications requirements of customers in the United States and compete for sales to customers in the United States, is the bearings producer's current sales to customers in the United States. As measured by current sales to customers in the United States, the relevant markets are highly concentrated, whether measured by the Herfindahl-Hirschman Index (or "HHI") or by two-firm or four-firm concentration ratios. The proposed merger, if consummated, would significantly increase the HHIs in already highly concentrated markets.

14. In the sale of thinwall bearings to customers in the United States, respondent Federal-Mogul is the largest competitor with about a 49 percent market share, and T&N is the second largest with about a 34 percent market share. Together, Federal-Mogul and T&N would

control approximately 83 percent of all United States thinwall bearing sales. The proposed merger would increase the HHI by over 3300 points and produce an industry concentration of over 7000 points.

15. In the sale of light duty engine bearings to OEMs located in the United States, respondent Federal-Mogul is the largest competitor with about a 53 percent market share, and T&N is the second largest with about a 28 percent market share. Together, Federal-Mogul and T&N would control approximately 81 percent of all United States sales of light duty engine bearing sales to OEMs. The proposed merger would increase the HHI by over 3000 points and produce an industry concentration of over 7000 points.

16. In the sale of heavy duty engine bearings to OEMs located in the United States, respondent Federal-Mogul is the largest competitor with about a 62 percent market share, and T&N is the second largest with about a 22 percent market. Together, Federal-Mogul and T&N would control approximately 84 percent of all United States sales of heavy duty engine bearings to OEMs. The proposed merger would increase the HHI by over 2800 points and produce an industry concentration of over 7200 points.

17. In the sale of aftermarket bearings to aftermarket customers in the United States, respondent Federal-Mogul is the largest competitor with about a 58 percent market share, and T&N is the second largest with about a 21 percent market share. Together, Federal-Mogul and T&N would control approximately 79 percent of all United States sales of aftermarket bearings. The proposed merger would increase the HHI by over 2500 points and produce an industry concentration of over 6500 points.

VI. ENTRY CONDITIONS

18. Entry into the thinwall bearings market requires more than two years. Entry into the OEM market would not assure entry into the aftermarket, and entry into the aftermarket would not assure entry into the OEM market. The markets have different entry impediments as to product design, qualification and testing, production and brand name recognition. Entry into the thinwall bearing market is difficult and would not be timely to prevent anticompetitive effects in the relevant markets.

19. Entry into the development, manufacture, and sale to OEMs in the United States of light duty engine bearings requires substantially more than two years. Entry into competition for sales of

light duty engine bearings requires the development of materials from which to make the bearing, the development of exacting manufacturing processes and capabilities, the design of bearings for a particular engine, and the completion of extensive customer qualification and testing. Because the materials used to make the bearings are different, as are the manufacturing processes and the technical requirements of the bearings, the ability to compete in the sale of heavy duty engine bearings does not give a producer the ability to compete in the sale of light duty engine bearings. Entry into the sale of light duty engine bearings to OEMs would not be timely to prevent anticompetitive effects in the market for light duty engine bearings sold to OEM customers in the United States.

20. Entry into the development, manufacture, and sale to OEMs in the United States of heavy duty engine bearings requires substantially more than two years. Entry into competition for sales of heavy duty engine bearings requires the development of materials from which to make the bearing, the development of exacting manufacturing processes and capabilities, the design of bearings for a particular engine, and the completion of extensive customer qualification and testing. Because the materials used to make the bearings are different, as are the manufacturing processes and the technical requirements of the bearings, the ability to compete in the sale of light duty engine bearings does not give a producer the ability to compete in the sale of heavy duty engine bearings. Entry into the sale of heavy duty engine bearings to OEMs would not be timely to prevent anticompetitive effects in the market for heavy duty engine bearings sold to OEM customers in the United States.

21. Entry into the market for aftermarket bearings for customers in the United States, requires more than two years, and in order to match the broad product line of Federal-Mogul or T&N, a new entrant would be at a significant cost disadvantage to the incumbent firms. Successful competition in the sale of aftermarket bearings requires an extensive line of bearings that will fit not only engines in current production, but most of the engines that have been production over the past 30 to 40 years. Each aftermarket bearing requires tooling unique to it. The existing producers of aftermarket bearings for customers in the United States, including Federal-Mogul and T&N, have such extensive product offerings, exceeding 6,000 or 7,000 part numbers. To offer this extensive a line of bearings requires the design

of bearings and acquisition of the tooling required for each bearing. A new entrant that attempted to match the product offering of Federal-Mogul or T&N would have to acquire tooling for bearings for engines that are no longer in production and for which demand is declining. Federal-Mogul and T&N acquired the tooling for their broad line of aftermarket bearings when engines were first in production, allowing Federal-Mogul and T&N to amortize the cost of the tooling over a longer period of the engine's life and over a larger number of bearings. A new entrant that attempts to match Federal-Mogul's or T&N's product line will be able to amortize the tooling for many bearings only over a portion of the engine's life, and will necessarily have higher costs than Federal-Mogul or T&N.

22. Brand name recognition is also important for competing for sale of aftermarket bearings. A brand name can convey to customers in the aftermarket that the bearings are of high quality and will work in the application that they are designed for. The development of brand recognition also is time consuming. Entry into the manufacture and sale of light duty and heavy duty thinwall bearings to the aftermarket would not be timely to prevent anticompetitive effects in the market for sales of aftermarket bearings to customers in the United States.

VII. ACTUAL COMPETITION

23. Federal-Mogul and T&N are actual competitors in the relevant lines of commerce in the relevant area.

VIII. EFFECTS OF THE PROPOSED MERGER ON COMPETITION

24. The effect of the Acquisition, if consummated, may be substantially to lessen competition and to tend to create a monopoly in the relevant markets in violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. 45, in the following ways, among others:

A. By eliminating actual, direct, and substantial competition between Federal-Mogul and T&N in the relevant markets;

B. By increasing the likelihood that Federal-Mogul will unilaterally exercise market power in the relevant markets;

C. By increasing the likelihood of or facilitating collusion or coordinated interaction among Federal-Mogul and the remaining competitors in the market for heavy duty engine bearings;

D. By increasing the likelihood that customers of thinwall bearings would be forced to pay higher prices; and

E. By reducing innovation, quality, service, and product availability in the relevant markets.

IX. VIOLATIONS CHARGED

25. The proposed acquisition by Federal-Mogul of the voting stock of T&N violates Section 5 of the FTC Act, as amended, 15 U.S.C. 45, and would, if consummated, violate Section 7 of the Clayton Act, as amended, 15 U.S.C. 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. 45.

DECISION AND ORDER

The Federal Trade Commission ("the Commission"), having initiated an investigation of the proposed acquisition by Federal-Mogul Corporation of T&N plc, hereinafter sometimes referred to as the "respondents," and having been furnished thereafter with a copy of a draft of complaint which the Bureau of Competition proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge respondent with a violation of Section 5 of the Federal Trade Commission Act, as amended, 15 U.S.C. 45, and a violation of Section 7 of the Clayton Act, as amended, 15 U.S.C. 18; and

The respondents, their attorneys, and counsel for the Commission having thereafter executed an agreement containing a consent order, an admission by the respondents of all the jurisdictional facts set forth in the aforesaid draft of complaint, a statement that the signing of said agreement is for settlement purposes only and does not constitute an admission by respondents that the law has been violated as alleged in such complaint, and waivers and other provisions as required by the Commission's Rules; and

The Commission, having thereafter considered the matter and having determined that it had reason to believe that the respondents have violated the said Acts, and that a complaint should issue stating its charges in that respect, and having thereupon accepted the executed consent agreement and placed such agreement on the public record for a period of sixty (60) days, and having duly considered the comments filed thereafter by interested persons pursuant to Section 2.34 of its Rules, and having modified the consent order in some

respects, now in further conformity with the procedure prescribed in Section 2.34 of its Rules, the Commission hereby issues its complaint, makes the following jurisdictional findings and enters the following order:

1. Respondent Federal-Mogul Corporation ("Federal-Mogul") is a corporation organized, existing and doing business under and by virtue of the laws of Michigan, with its office and principal place of business located at 26555 Northwestern Highway, Southfield, Michigan.

2. Respondent T&N plc ("T&N") is a public limited company organized, existing and doing business under and by virtue of the laws of the United Kingdom, with its office and principal place of business located at Manchester International Office Centre, Styal Road, Manchester M22 5TN, England.

3. The Federal Trade Commission has jurisdiction of the subject matter of this proceeding and of the respondents, and the proceeding is in the public interest.

ORDER

I.

It is ordered, That, as used in this order, the following definitions shall apply:

A. "*Federal-Mogul*" means Federal-Mogul Corporation, its directors, officers, employees, agents, representatives, predecessors, successors, and assigns; its subsidiaries, divisions, groups and affiliates controlled by Federal-Mogul, and the respective directors, officers, employees, agents, representatives, successors, and assigns of each.

B. "*T&N*" means T&N plc, its directors, officers, employees, agents, representatives, predecessors, successors, and assigns; its subsidiaries, divisions, groups and affiliates controlled by T&N, and the respective directors, officers, employees, agents, representatives, successors, and assigns of each.

C. "*Respondents*" means Federal-Mogul and T&N, individually and collectively.

D. "*Commission*" means the Federal Trade Commission.

E. "*Divestiture Date*" means the date on which The Assets To Be Divested are divested by Federal-Mogul.

F. "*Thinwall Bearings*" means lubricated friction bearings, commonly known as thinwall bearings, with a thickness of three-eighths inch or less, including, but not limited to, half-shell engine bearings, full round bushings, flange bearings, and half and full round thrust washers for use in engine and non-engine applications in passenger cars and trucks and in industrial applications.

G. "*Polymer Bearings*" means metal-backed polymer dry bearings for use in industrial applications and non-engine automotive components and manufactured at T&N's manufacturing facilities located at Kilmarnock, Scotland; Annecy, France; and Heilbronn, Germany.

H. "*Non-Automotive Heavywall Bearings*" means the products listed in Appendix VI.

I.. "*The Assets To Be Divested*" means

1. Glacier Vandervell, Inc., Glacier Vandervell Europe, and T&N Bearings Group Research and Development; all of the subsidiaries, divisions, groups and affiliates they control; all of their businesses and assets, tangible and intangible, including but not limited to facilities, technology, patent rights, and goodwill;

2. All businesses and assets of T&N in the following locations: Caldwell, Ohio; Atlantic, Iowa; Bellefontaine, Ohio; Plymouth, Michigan; Middlesex, England; Cawston, England; Kilmarnock, Scotland; Whitehill, Scotland; Annecy, France; Paris, France; Dieuze, France; Trento, Italy; and Heilbronn, Germany;

3. The McConnellsville Strip Facility;

4. All rights, titles, and interests in the trademarks listed at Appendix V and the patents listed at Appendix VII and Appendix VIII;

5. A perpetual, royalty-free license to use the P/2531.GB2 machine tool patent for any and all applications;

6. All other businesses and assets, tangible and intangible, relating to the research, development, manufacture, or sale of Thinwall Bearings and Polymer Bearings by T&N, regardless of where the business or assets are located in the world and regardless of whether used exclusively for such purposes, including, without limitation, the following:

- a. All machinery, fixtures, equipment, vehicles, transportation facilities, furniture, tools and other tangible personal property;

- b. All copies of customer lists, vendor lists, catalogs, sales promotion literature, advertising materials, research materials, technical information, management information systems, software, inventions, trade secrets, intellectual property, patents, trademarks, technology, know-how, specifications, designs, drawings, processes and quality control data;
- c. All rights, titles, and interests in and to research and development, whether performed by T&N or by a third party;
- d. Inventory and storage capacity;
- e. All rights, titles and interests in and to owned or leased real property, together with appurtenances, licenses and permits;
- f. All rights, titles and interests in and to the contracts entered into in the ordinary course of business with customers (together with associated bid and performance bonds), suppliers, sales representatives, distributors, agents, personal property lessors, personal property lessees, licensors, licensees, consignors and consignees;
- g. All rights under warranties and guarantees, express or implied;
- h. All books, record, and files;
- i. All items of prepaid expense;
- j. Goodwill; and
- k. All stock and other rights, titles, and interests held in joint ventures or other entities.

Provided that the definition of "The Assets To Be Divested" shall not include:

- (i) T&N's ownership interest in Glacier Vandervell Pty. in South Africa;
- (ii) Any assets related exclusively to the sale of automotive replacement parts to customers outside North and South America;
- (iii) Any assets (other than the real estate and buildings) at Cawston, England, and Plymouth, Michigan, that are not related to Thinwall Bearings;
- (iv) All rights, titles, and interests in those patents listed at Appendix X that do not relate to the research, development, manufacture, or sale of Thinwall Bearings and Polymer Bearings by T&N, regardless of whether used exclusively for

- such purposes; and a perpetual, non-exclusive, royalty-free license to Federal-Mogul for all other patents listed at Appendix X, where such license is limited to the field of use designated in Appendix XI;
- (v) A perpetual, non-exclusive, royalty-free license to Federal-Mogul for all patents listed at Appendix VIII, where such license is limited to the field of use designated in Appendix XI;
 - (vi) A contract with the purchaser of The Assets To Be Divested to supply Federal-Mogul with reasonable amounts of AS104 bearing strip material under reasonable commercial terms only for the production by Federal-Mogul of Non-Automotive Heavywall Bearings;
 - (vii) All rights, titles, and interests in the trademarks listed at Appendix IX;
 - (viii) A non-exclusive, royalty-free license to Federal-Mogul for the use of the trademarks "Clevite," "Clevite 77," "Michigan," "Michigan 77," "Deltawall," "CL 112," "CL 77," and "Clevite 66" on inventory other than engine bearings in accordance with the schedule designated in Appendix IV;
 - (ix) A non-exclusive, royalty-free license to Federal-Mogul for the use of the trademarks "Glacier," "Vandervell," and all subsidiary, ancillary, and related marks listed at Appendix V, only in the promotion and sale of Non-Automotive Heavywall Bearings, where such license expires no later than one (1) year after the Divestiture Date; and
 - (x) For a period of five (5) years after the Divestiture Date, the use of the trademarks "Glacier," "Glacier Sentry," "Glacier Spinner," "Glacier (T.V.)," "Glacier DQ," "Glacier DU," and "Glacier DX" in the promotion or sale of Non-Automotive Heavywall Bearings. (Notwithstanding this proviso, the respondents shall not retain any rights to use the trademarks "Glacier," "Glacier Sentry," "Glacier Spinner," "Glacier (T.V.)," "Glacier DQ," "Glacier DU," and "Glacier DX" after the Divestiture Date, except as specifically provided in proviso (ix) above and in paragraph II.B. below; and the definition of "The Assets To Be Divested" shall include the unrestricted right to use the "Glacier" trademark as a company name and to use the trademarks "Glacier," "Glacier Sentry,"

"Glacier Spinner," "Glacier (T.V.)," "Glacier DQ," "Glacier DU," and "Glacier DX" in the promotion and sale of "Deva," "Deva BM," "Devaglide," or "Devatex" Non-Automotive Heavywall Bearings purchased from Federal-Mogul.)

J. "*Key Employees*" means the individuals employed by T&N listed in Appendix II.

K. "*Thinwall Research Personnel*" means the individuals employed by T&N listed in Appendix III.

L. "*McConnellsville Strip Facility*" means the facility for the manufacture of cast copper-lead strip operated by T&N in McConnellsville, Ohio.

M. "*Daido*" means Daido Metal Co. Ltd. of Nagoya, Japan, and all its subsidiaries, divisions, groups and affiliates.

II.

It is further ordered, That:

A. Respondents shall divest absolutely and in good faith, no later than December 21, 1998, The Assets To Be Divested, as a fully viable and competitive ongoing business, and shall also divest such additional assets and businesses and effect such arrangements as are necessary to assure the viability, marketability, and competitiveness of The Assets To Be Divested.

Provided that, if the Commission-approved acquirer or acquirers of The Assets To Be Divested all express through affidavit a preference not to acquire any portion of (1) the McConnellsville Strip Facility, (2) the real estate and buildings of the facility operated by T&N Technology in Cawston, England, (3) the real estate and buildings of the facility located at Northwood Hills, Middlesex, England, (4) the real estate and buildings of the facility located at Paris, France, or (5) the real estate and buildings of the facility located at Plymouth, Michigan, then, subject to the approval of the Commission, respondents shall not be required to divest that portion of such assets.

Further provided that, if the Commission-approved acquirer or acquirers of The Assets To Be Divested all express through affidavit a preference not to acquire any portion of the packaging facilities and warehouses of A.E. Clevite, then, subject to the approval of the

Commission, respondents shall not be required to divest that portion of such assets.

B. Respondents shall, in no event later than 90 days after the Divestiture Date, eliminate "Glacier," "Vandervell," "Clevite," and all other trademarks included with The Assets To Be Divested from the names of all companies or business units they will own after the divestiture, including Glacier Vandervell Pty.

Provided that (i) Federal-Mogul may use the name "Glacier Sollinger Huette" in Germany for government certification purposes for one (1) year after the Divestiture Date; and (ii) Federal-Mogul may use the designation "formerly known as Glacier" or "formerly known as Vandervell" in the sale of Non-Automotive Heavywall Bearings where such descriptor is not used as a trademark or logo and is used only in direct response to customer inquiries.

C. Within ten (10) days after signing the agreement containing consent order, respondents shall transfer to The Assets To Be Divested the employment of all Key Employees (who are not already employees of The Assets To Be Divested) and all Thinwall Research Personnel, to the extent permissible by law.

D. Respondents shall divest The Assets To Be Divested only to an acquirer or acquirers that receive the prior approval of the Commission and only in a manner that receives the prior approval of the Commission. The purpose of the divestiture of The Assets To Be Divested is to ensure the continuation of The Assets To Be Divested as an ongoing, viable, and competitive business engaged in the research, development, manufacture, and sale of Thinwall Bearings and to remedy the lessening of competition resulting from the acquisition by Federal-Mogul of T&N as alleged in the Commission's complaint.

E. If any person who is not party to this order withholds its consent to the transfer or assignment of any agreement, contract, or license to which T&N is a party and that is related in any way to The Assets To Be Divested, then respondents shall use their best efforts to obtain the necessary consents. If such person continues to withhold its consent, then respondents shall to the extent possible enter into such agreements, contracts, licenses as are necessary to realize the same effect as such transfer or assignment. (Respondents shall submit a copy of each such agreement, contract, or license with their compliance reports to the Commission pursuant to paragraphs IV and

V of this order.) For a period of five (5) years after executing the agreement containing consent order, respondents shall not do any business with Daido relating to Thinwall Bearings, whether through agreement, contract, license, exchange of technology, joint venture, or other means.

F. Pending divestiture of The Assets To Be Divested, respondents shall take such actions as are necessary to maintain the viability, competitiveness, and marketability of The Assets To Be Divested and to prevent the destruction, removal, wasting, deterioration, or impairment of any assets or business of The Assets To Be Divested except for ordinary wear and tear.

G. Respondents shall comply with all terms of the Agreement to Hold Separate, attached to this order and made a part hereof as Appendix I. The Agreement to Hold Separate shall continue in effect until such time as respondents have divested all The Assets To Be Divested as required by this order or until such other time as the Agreement to Hold Separate provides.

H. Respondents shall not conduct any research or development relating to bearings at the T&N facilities in Cawston, England, until employees and other personnel of The Assets To Be Divested, and of the purchaser of The Assets To Be Divested, no longer occupy any of those facilities.

I.. Respondents shall provide the Key Employees with financial incentives to continue in their employment positions during the period covered by the Agreement to Hold Separate, and to accept employment with a Commission-approved acquirer at the time of the divestiture. Such incentives shall include:

1. Vesting of all pension benefits;
2. Continuation of all employee benefits offered by T&N until the Divestiture Date; and
3. A bonus equal to thirty (30) percent of the employee's annual salary (including any other bonuses) as of the date this order becomes final for any individual who agrees to employment with a Commission-approved acquirer, payable upon the beginning of their employment by the Commission-approved acquirer.

J. For a period of one (1) year from the Divestiture Date, respondents shall not make offers of employment to any employees

of The Assets To Be Divested (including employees who are not Key Employees) who have accepted offers of employment with the Commission-approved acquirer or acquirers of The Assets To Be Divested.

III.

It is further ordered, That:

A. If respondents have not divested, absolutely and in good faith and with the Commission's prior approval, The Assets To Be Divested within the time required by paragraph II.A of this order, then the Commission may appoint a trustee to divest The Assets To Be Divested. The trustee shall have all rights and powers necessary to permit the trustee to effect the divestiture of The Assets To Be Divested and to divest such additional assets and to effect such arrangements as are necessary to assure the viability, competitiveness, and marketability of The Assets To Be Divested so as to expeditiously accomplish the remedial purposes of this order. In the event the Commission or the Attorney General brings an action pursuant to Section 5(l) of the Federal Trade Commission Act, 15 U.S.C. 45(l), or any other statute enforced by the Commission, respondents shall consent to the appointment of a trustee in such action. Neither the appointment of a trustee nor a decision not to appoint a trustee under this paragraph shall preclude the Commission or the Attorney General from seeking civil penalties or any other relief (including, but not limited to, a court-appointed trustee) pursuant to the Federal Trade Commission Act or any other statute enforced by the Commission, for any failure by either of the respondents to comply with this order.

B. If a trustee is appointed by the Commission or a court pursuant to paragraph III.A of this order, respondents shall consent to the following terms and conditions regarding the trustee's powers, duties, authority, and responsibilities:

1. The Commission shall select the trustee, subject to the consent of Federal-Mogul, which consent shall not be unreasonably withheld. The trustee shall be a person with experience and expertise in acquisitions and divestitures. If Federal-Mogul has not opposed, in writing, including the reasons for opposing, the selection of any proposed trustee within ten (10) days after notice by the staff of the Commission to Federal-Mogul of the identity of any proposed trustee,

Federal-Mogul shall be deemed to have consented to the selection of the proposed trustee.

2. Subject to the prior approval of the Commission, the trustee shall have the exclusive power and authority to divest The Assets To Be Divested, and shall have the power to divest such additional assets and to effect such arrangements as are necessary to assure the viability, competitiveness, and marketability of The Assets To Be Divested so as to expeditiously accomplish the divestiture required by this order.

3. Within ten (10) days after appointment of the trustee, respondents shall execute a trust agreement that, subject to the prior approval of the Commission (and, in the case of a court-appointed trustee, of the court), transfers to the trustee all rights and powers necessary to permit the trustee to effect the divestiture required by this order.

4. The trustee shall have twelve (12) months from the date the Commission approves the trust agreement described in paragraph III.B.3 to accomplish the divestiture, which shall be subject to the prior approval of the Commission. If, however, at the end of the twelve (12) month period, the trustee has submitted a plan of divestiture or believes that divestiture can be achieved within a reasonable time, the divestiture period may be extended by the Commission (or, in the case of a court-appointed trustee, by the court); provided, however, the Commission may extend this period for no more than two (2) additional terms.

5. The trustee shall have full and complete access to the personnel, books, records, and facilities related to The Assets To Be Divested, or to any other relevant information, as the trustee may request. Respondents shall develop such financial or other information as such trustee may request and shall cooperate with the trustee. Respondents shall take no action to interfere with or impede the trustee's accomplishment of the divestiture. Any delays in divestiture caused by respondents shall extend the time for divestiture under this paragraph III in an amount equal to the delay, as determined by the Commission (or, in the case of a court-appointed trustee, by the court).

6. The trustee shall use his or her best efforts to negotiate the most favorable price and terms available in each contract that is submitted to the Commission, subject to respondents' absolute and unconditional obligation to divest expeditiously at no minimum price. The

divestiture shall be made in the manner, and to the acquirer or acquirers, as set out in paragraph II of this order; provided, however, if the trustee receives bona fide offers from more than one acquiring entity, and if the Commission approves more than one such acquiring entity, then the trustee shall divest to the acquiring entity or entities selected by Federal-Mogul from among those approved by the Commission.

7. The trustee shall serve, without bond or other security, at the cost and expense of respondents, on such reasonable and customary terms and conditions as the Commission or a court may set. The trustee shall have the authority to employ, at the cost and expense of respondents, such consultants, accountants, attorneys, investment bankers, business brokers, appraisers, and other representatives and assistants as are necessary to carry out the trustee's duties and responsibilities. The trustee shall account for all monies derived from the divestiture and all expenses incurred. After approval by the Commission (and, in the case of a court-appointed trustee, by the court) of the account of the trustee, including fees for his or her services, all remaining monies shall be paid at the direction of Federal-Mogul and the trustee's power shall be terminated. The trustee's compensation shall be based at least in significant part on a commission arrangement contingent on the trustee's accomplishing the divestiture required by this order.

8. Respondents shall indemnify the trustee and hold the trustee harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the trustee's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of any claim, whether or not resulting in any liability, except to the extent that such liabilities, losses, damages, claims, or expenses result from misfeasance, gross negligence, recklessness, willful or wanton acts, or bad faith by the trustee.

9. If the trustee ceases to act or fails to act diligently, a substitute trustee shall be appointed in the same manner as provided in paragraph III of this order.

10. The Commission (or, in the case of a court-appointed trustee, the court) may on its own initiative or at the request of the trustee issue such additional orders or directions as may be necessary or appropriate to accomplish the divestiture required by this order.

11. In the event that the trustee determines that he or she is unable to divest The Assets To Be Divested in a manner consistent with the Commission's purpose as described in paragraph II, the trustee may divest additional assets of respondents and effect such arrangements as are necessary to satisfy the requirements of this order.

12. The trustee shall have no obligation or authority to operate or maintain The Assets To Be Divested.

13. The trustee shall report in writing to Federal-Mogul and the Commission every thirty (30) days concerning the trustee's efforts to accomplish the divestiture.

IV.

It is further ordered, That within thirty (30) days after the date this order becomes final, and every thirty (30) days thereafter until respondents have fully complied with the provisions of paragraphs II and III of this order, respondents shall submit to the Commission verified written reports setting forth in detail the manner and form in which respondents intend to comply, are complying, and have complied with paragraphs II and III of this order. Respondents shall include in their compliance reports, among other things that are required from time to time, a full description of the efforts being made to comply with paragraphs II and III of the order, including a description of all substantive contacts or negotiations for the divestiture and the identity of all parties that have contacted respondents or that have been contacted by respondents. Respondents shall include in their compliance reports copies of all written communications to and from such parties, all internal memoranda, and all reports and recommendations concerning divestiture.

V.

It is further ordered, That respondents shall notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondents, such as dissolution, assignment, sale resulting in the emergence of a successor corporation, or the creation or dissolution of subsidiaries, or any other change in respondents that may affect compliance obligations arising out of the order.

VI.

It is further ordered, That, for the purpose of determining or securing compliance with this order, respondents shall permit any duly authorized representatives of the Commission:

A. During office hours and in the presence of counsel, access to all facilities and access to inspect and copy all books, ledgers, accounts, correspondence, memoranda and other records and documents in the possession or under the control of respondents relating to any matters contained in this order; and

B. Upon five (5) days' notice to respondents, and without restraint or interference, to interview officers, employees, or agents of respondents, who may have counsel present.

APPENDIX I

AGREEMENT TO HOLD SEPARATE

This Agreement to Hold Separate ("Hold Separate Agreement") is by and among Federal-Mogul Corporation ("Federal-Mogul"), a corporation organized, existing, and doing business under and by virtue of the laws of Michigan, with its office and principal place of business located at 26555 Northwestern Highway, Southfield, Michigan; T&N plc ("T&N"), a public limited company organized, existing and doing business under and by virtue of the laws of the United Kingdom, with its office and principal place of business located at Manchester International Office Centre, Styal Road, Manchester M22 5TN, England; and the Federal Trade Commission (the "Commission"), an independent agency of the United States Government, established under the Federal Trade Commission Act of 1914, 15 U.S.C. 41, *et seq.* (collectively, the "Parties").

PREMISES

Whereas, on October 16, 1997, Federal-Mogul announced a tender offer to acquire all of the outstanding shares of T&N (the "Acquisition"); and

Whereas, the Commission is now investigating the Acquisition to determine whether it would violate any of the statutes enforced by the Commission; and

Whereas, if the Commission accepts the attached Agreement Containing Consent Order ("Consent Order"), which would require the divestiture of The Assets To Be Divested, the Commission must place the Consent Order on the public record for a period of at least sixty (60) days and may subsequently withdraw such acceptance pursuant to the provisions of Section 2.34 of the Commission's Rules; and

Whereas, the Commission is concerned that if an understanding is not reached preserving the *status quo ante* of The Assets To Be Divested as defined in paragraph I.I. of the Consent Order during the period prior to the divestiture of The Assets To Be Divested as required by the Consent Order, the divestiture required by the Consent Order or resulting from any proceeding challenging the legality of the Acquisition might not be possible, or might be less than an effective remedy; and

Whereas, the Commission is concerned that if the Acquisition is consummated, it will be necessary to preserve the Commission's ability to require the divestiture of The Assets To Be Divested, as described in paragraph I.I. of the Consent Order, and the Commission's right to have The Assets To Be Divested continue as a viable competitor independent of Federal-Mogul and T&N (collectively, the "respondents"); and

Whereas, if the Commission determines to finally issue the Consent Order, it is necessary to hold separate The Assets To Be Divested to protect interim competition pending divestiture or other relief; and

Whereas, the purpose of the Hold Separate Agreement and the Consent Order is to:

1. Preserve, pending the divestiture required by the Consent Order, The Assets To Be Divested as an ongoing, viable, competitive, and independent entity engaged in the same business in which they are presently engaged;
2. Prevent interim harm to competition pending divestiture and other relief; and
3. Remedy any anticompetitive effects of the Acquisition; and

Whereas, respondents' entering into this Hold Separate Agreement shall in no way be construed as an admission by respondents that the Acquisition is illegal; and

Whereas, respondents understand that no act or transaction contemplated by this Hold Separate Agreement shall be deemed immune or exempt from the provisions of the antitrust laws or the Federal Trade Commission Act by reason of anything contained in this Hold Separate Agreement.

Now, therefore, upon the understanding that the Commission has not yet determined whether it will challenge the Acquisition, and in consideration of the Commission's agreement that the Commission will accept the Consent Order for public comment, the Parties agree as follows:

1. Respondents agree to execute the attached Agreement Containing Consent Order and, from the date of execution, to comply with the provisions of the Consent Order as if it were final.

2. Respondents agree that from the date they execute the Agreement Containing Consent Order, they will comply with the provisions of this Hold Separate Agreement until:

- a. Ten (10) business days after the Commission withdraws its acceptance of the Consent Order pursuant to the provisions of Section 2.34 of the Commission's Rules; or

- b. The day after the divestiture required by the Consent Order has been completed.

3. The terms capitalized herein shall have the same definitions as in the Consent Order.

4. ("Material Confidential Information," as used herein, means competitively sensitive or proprietary information not independently known to an entity from sources other than the entity to which the information pertains, and includes, but is not limited to, customer lists, price lists, marketing methods, patents, technologies, processes, or other trade secrets.) To assure the complete independence and viability of The Assets To Be Divested, and to assure that no Material Confidential Information is exchanged between Federal-Mogul (meaning here and hereinafter, Federal-Mogul and T&N excluding The Assets To Be Divested and excluding all personnel connected with The Assets To Be Divested as of the date this Hold Separate Agreement was signed) and The Assets To Be Divested, Federal-Mogul shall hold The Assets To Be Divested separate and apart on the following terms and conditions:

a. The Assets To Be Divested shall be held separate and apart and shall be managed and operated independently of Federal-Mogul, except to the extent that Federal-Mogul must exercise direction and control over such assets to assure compliance with this Hold Separate Agreement or the Consent Order, and except as otherwise provided in this Hold Separate Agreement.

b. Within three (3) days after complete execution of this Hold Separate Agreement, Federal-Mogul shall appoint, subject to the approval of the Commission, an individual to be the Independent Auditor. Federal-Mogul shall give the Independent Auditor all powers and authority necessary to effectuate his/her responsibilities pursuant to this Hold Separate Agreement.

c. Within five (5) business days of the Commission's acceptance of the Consent Order for public comment, Federal-Mogul shall organize a distinct and separate entity ("The New Group") to be composed of: (1) The Assets To Be Divested and (2) A.E. Clevite Inc., excluding the following (a) the stock of McCord Payen Technical Services Inc., McCord Payen Inc., McCord Sealing Inc., and McCord Leakless Sealing Co., and (b) the assets of A. E. Goetze - Lake City Division and Glacier Clevite Heavywall Bearings Division (except the McConnellsville Strip Facility).

d. The New Group shall be staffed with sufficient employees to maintain the viability and competitiveness of The Assets To Be Divested. The Management Team, as defined below, with the approval of the Independent Auditor, shall have the authority to replace employees who left their positions with The Assets To Be Divested since January 1, 1998. To the extent that The New Group employees leave The New Group prior to the divestiture of The Assets To Be Divested, the Management Team may replace the departing employees of The New Group, subject to the approval of the Independent Auditor, with persons who have similar experience and expertise.

e. The Independent Auditor shall monitor the organization of The New Group and shall have responsibility for managing The New Group consistent with the terms of Hold Separate Agreement; for maintaining the independence of The New Group consistent with the terms of this Hold Separate Agreement and this Consent Order; and for assuring respondents' compliance with their obligations pursuant to the Hold Separate Agreement.

f. Simultaneously with the organization of The New Group, Federal-Mogul shall appoint, subject to the approval of the Independent Auditor, four individuals from among the current employees of The Assets To Be Divested to manage and maintain The Assets To Be Divested (the "Management Team"). The Management Team, in its capacity as such, shall report directly and exclusively to the Independent Auditor and shall manage The New Group independently of the management of Federal-Mogul. The Management Team shall not be involved, in any way, in the operations of the businesses of Federal-Mogul during the term of the Hold Separate Agreement.

g. Federal-Mogul shall not change the composition of the Management Team unless the Independent Auditor consents. Federal-Mogul shall not change the composition of the management of The New Group, except that the Management Team shall be permitted to remove management employees for cause subject to approval of the Independent Auditor. The Independent Auditor shall have the power to remove members of the Management Team for cause and to require Federal-Mogul to appoint replacement members to the Management Team in the same manner as provided in subparagraph 4.f. of this Hold Separate Agreement.

h. The Independent Auditor, each member of the Management Team, and each employee of The New Group who has access to Material Confidential Information shall enter into a confidentiality agreement agreeing to be bound by the terms and conditions of this Hold Separate Agreement. These individuals must retain and maintain all confidential information relating to the held separate business on a confidential basis and, except as is permitted by this Hold Separate Agreement, such persons shall be prohibited from providing, discussing, exchanging, circulating, or otherwise furnishing any such information to or with any other person whose employment involves any of Federal-Mogul's business. These persons shall not be involved in any way in the Thinwall Bearings operations of Federal-Mogul.

i. Within ten (10) business days of the Commission's acceptance of the Consent Order for public comment, Federal-Mogul shall establish written procedures to be approved by the Independent Auditor, covering the management, maintenance, and independence of The Assets To Be Divested consistent with the provisions of the Hold Separate Agreement.

j. Within ten (10) business days of the Commission's acceptance of the Consent Order for public comment, Federal-Mogul shall circulate, to employees of The New Group and to Federal-Mogul employees who are involved in operations relating to the Thinwall Bearings of Federal-Mogul, a notice of this Hold Separate Agreement and Consent Order in the form attached as Attachment A.

k. The Independent Auditor shall have full and complete access to all personnel, books, records, documents and facilities of The New Group or to any other relevant information, as the Independent Auditor may reasonably request, including but not limited to all documents and records kept in the normal course of business that relate to The Assets To Be Divested. Federal-Mogul shall develop such financial or other information as such Independent Auditor may request and shall cooperate with the Independent Auditor. Federal-Mogul shall take no action to interfere with or impede the Independent Auditor's ability to perform his/her responsibilities consistent with the terms of the Hold Separate Agreement or to monitor Federal-Mogul's compliance with the Hold Separate Agreement and the Consent Order.

l. Federal-Mogul may require the Independent Auditor to sign a confidentiality agreement prohibiting the disclosure of any material information gained as a result of his or her role as Independent Auditor to anyone other than the Commission.

m. The Independent Auditor shall have the authority to employ, at the cost and expense of Federal-Mogul, such consultants, accountants, attorneys, and other representatives and assistants as are necessary to carry out the Independent Auditor's duties and responsibilities.

n. The Independent Auditor and the Management Team shall serve, without bond or other security, at the cost and expense of Federal-Mogul, on reasonable and customary terms commensurate with the person's experience and responsibilities. Federal-Mogul shall indemnify the Independent Auditor and the Management Team and hold the Independent Auditor and the Management Team harmless against any losses, claims, damages, liabilities, or expenses arising out of, or in connection with, the performance of the Independent Auditor's or the Management Team's duties, including all reasonable fees of counsel and other expenses incurred in connection with the preparation for, or defense of any claim, whether or not resulting in any liability, except to the extent that such liabilities, losses, damages,

claims, or expenses result from misfeasance, gross negligence, willful or wanton acts, or bad faith by the Independent Auditor or the Management Team.

o. Federal-Mogul shall provide The New Group with sufficient working capital to operate The Assets To Be Divested at least at current rates of operation, to meet all capital calls in respect of The Assets To Be Divested, and to carry on, at least at their scheduled pace, all capital and research and development projects for The Assets To Be Divested ongoing, planned, or approved as of or after February 20, 1998. During the period this Hold Separate Agreement is effective, Federal-Mogul shall make available for use by The New Group funds sufficient to perform all necessary routine maintenance to, and replacements of, The Assets To Be Divested. Federal-Mogul shall provide The New Group with such funds as are necessary to maintain the viability, competitiveness, and marketability of The Assets To Be Divested until the Divestiture Date. At a minimum, Federal-Mogul shall ensure that The Assets To Be Divested have available average working capital of not less than one hundred twenty percent (120%) of the average working capital of The Assets To Be Divested during the twelve (12) months preceding the date of this Hold Separate Agreement.

p. Federal-Mogul shall continue to provide the same support services to The Assets To Be Divested as are being provided to such assets by Federal-Mogul as of the date this Hold Separate Agreement is signed by Federal-Mogul. Federal-Mogul may charge The New Group the same fees, if any, charged by Federal-Mogul for such support services as of the date this Hold Separate Agreement is signed by Federal-Mogul. Federal-Mogul's personnel providing such support services must retain and maintain all Material Confidential Information of The Assets To Be Divested on a confidential basis, and, except as is permitted by this Hold Separate Agreement, such persons shall be prohibited from providing, discussing, exchanging, circulating, or otherwise furnishing any such information to or with any person whose employment involves any of Federal-Mogul's businesses. Such personnel shall also execute confidentiality agreements prohibiting the disclosure of any Material Confidential Information of The Assets To Be Divested.

q. Except as provided in this Hold Separate Agreement, Federal-Mogul shall not employ or make offers of employment to employees

of The New Group, during the term of the Hold Separate Agreement. The acquirer or acquirers of The Assets To Be Divested shall have the option of offering employment to the employees of The New Group. After the term of the Hold Separate Agreement, Federal-Mogul may offer employment to employees of The New Group who have not accepted employment with the acquirer or acquirers of The Assets To Be Divested. Federal-Mogul shall not interfere with the employment of such employees of The New Group by the acquirer or acquirers of The Assets To Be Divested; shall not offer any incentive to such employees of The New Group to decline employment with the acquirer or acquirers of The Assets To Be Divested or accept other employment with Federal-Mogul; and shall remove any impediments that may deter such employees of The New Group from accepting employment with the acquirer or acquirers of The Assets To Be Divested, including but not limited to the payment, or the transfer for the account of the employee, of all accrued bonuses, pensions and other accrued benefits to which such employees would otherwise have been entitled had they remained in the employment of Federal-Mogul.

r. Federal-Mogul shall not exercise direction or control over, or influence directly or indirectly, The Assets To Be Divested, the Independent Auditor, the Management Team, or The New Group or any of its operations; provided, however, that Federal-Mogul may exercise only such direction and control over The New Group as is necessary to assure compliance with this Hold Separate Agreement or the Consent Order, or with all applicable laws.

s. Except for the Management Team and except to the extent provided in subparagraph 4.p., Federal-Mogul shall not permit any other of its employees, officers, or directors to be involved in the operations of The New Group.

t. Federal-Mogul shall maintain the viability, competitiveness, and marketability of The Assets To Be Divested; shall not sell, transfer, or encumber The Assets To Be Divested (other than in the normal course of business); and shall not cause or permit the destruction, removal, wasting, or deterioration, or otherwise impair the viability, competitiveness, or marketability of The Assets To Be Divested.

u. If the Independent Auditor ceases to act or fails to act diligently and consistently with the purposes of this Hold Separate Agreement, Federal-Mogul shall appoint a substitute Independent Auditor, subject to Commission approval.

v. Except as required by law, and except to the extent that necessary information is exchanged in the course of consummating the Acquisition, defending investigations, defending or prosecuting litigation, obtaining legal advice, negotiating agreements to divest assets pursuant to the Consent Order, or complying with this Hold Separate Agreement or the Consent Order, Federal-Mogul shall not receive or have access to, or use or continue to use, any Material Confidential Information, not in the public domain, relating to The New Group or The Assets To Be Divested. Nor shall The New Group or the Management Team receive or have access to, or use or continue to use, any Material Confidential Information not in the public domain about Federal-Mogul and relating to Federal-Mogul's business. Federal-Mogul may receive aggregate financial information relating to The New Group to the extent necessary to allow Federal-Mogul to prepare United States consolidated financial reports, tax returns, and personnel reports. Any such information that is obtained pursuant to this subparagraph shall be used only for the purposes set forth in this subparagraph.

w. Within thirty (30) days after the date this Hold Separate Agreement is accepted by the Commission and every thirty (30) days thereafter until this Hold Separate Agreement terminates, the Independent Auditor shall report in writing to the Commission concerning the efforts to accomplish the purposes of this Hold Separate Agreement. Included within that report shall be the Independent Auditor's assessment of the extent to which The New Group is meeting (or exceeding) its projected goals as are reflected in operating plans, budgets, projections or any other regularly prepared financial statements.

5. Should the Commission seek in any proceeding to compel respondents to divest any of The Assets To Be Divested, as provided in the Consent Order, or to seek any other injunctive or equitable relief for any failure to comply with the Consent Order or this Hold Separate Agreement, or in any way relating to the Acquisition, as defined in the draft complaint, respondents shall not raise any objection based upon the fact that the Commission has permitted the Acquisition. Respondents also waive all rights to contest the validity of this Hold Separate Agreement.

6. To the extent that this Hold Separate Agreement requires respondents to take, or prohibits respondents from taking, certain

actions that otherwise may be required or prohibited by contract, respondents shall abide by the terms of this Hold Separate Agreement or the Consent Order and shall not assert as a defense such contract requirements in a civil action brought by the Commission to enforce the terms of this Hold Separate Agreement or this Consent Order.

7. For the purposes of determining or securing compliance with this Hold Separate Agreement, and upon written request with reasonable notice to respondents made to their counsel, respondents shall permit any duly authorized representatives of the Commission:

a. During the office hours of respondents, and in the presence of counsel, access to all facilities and access to inspect and copy all books, ledgers, accounts, correspondence, memoranda, and other records and documents in the possession or under the control of respondents relating to compliance with this Agreement; and

b. Upon five (5) days' notice to respondents and without restraint or interference from them, to interview officers or employees of respondents, who may have counsel present, regarding any such matters.

8. This Hold Separate Agreement shall not be binding on the Commission until it is approved by the Commission.

ATTACHMENT A

NOTICE OF DIVESTITURE AND REQUIREMENT FOR CONFIDENTIALITY

Federal-Mogul Corporation ("Federal-Mogul") and T&N plc ("T&N") have entered into a Consent Agreement and Agreement to Hold Separate with the Federal Trade Commission ("Commission") relating to the divestiture of the T&N worldwide thinwall bearing business. Until after the Commission's Order becomes final and the T&N worldwide thinwall bearing business is divested, the T&N worldwide thinwall bearing business must be managed and maintained as a separate, ongoing business, independent of all other T&N businesses. All competitive information relating to the T&N worldwide thinwall bearing business must be retained and maintained by the persons involved in the T&N worldwide thinwall bearing business on a confidential basis and such persons shall be prohibited from providing, discussing, exchanging, circulating, or otherwise furnishing any such information to or with any other person whose

employment or agency involves any other Federal-Mogul or T&N business. Similarly, all such persons involved in any other Federal-Mogul or T&N business shall be prohibited from providing, discussing, exchanging, circulating or otherwise furnishing competitive information about such business to or with any person whose employment or agency involves the T&N worldwide thinwall bearing business.

Any violation of the Consent Agreement or the Agreement to Hold Separate, incorporated by reference as part of the Consent Order, may subject Federal-Mogul and T&N to civil penalties and other relief as provided by law.

APPENDIX IV

A. Definitions

1. For purposes of this appendix, the term "Clevite trademarks" shall mean the "Clevite," "Clevite 77," "77," "Michigan," "Michigan 77," "Deltawall," "CL 112," "CL 77," and "Clevite 66" trademarks.

2. For purposes of this appendix, the term "inventory" shall mean engine parts other than engine bearings.

B. Phase Out Periods

1. Federal-Mogul may continue to affix Clevite trademarks to newly packaged inventory for 6 months after the Divestiture Date.

2. Federal-Mogul may sell inventory on which any Clevite trademarks appear for:

a. An unlimited period of time in packages where any Clevite trademarks are displayed only inside the packaging, such as on instructions or on parts;

b. 18 months after the Divestiture Date in packages that display any Clevite trademarks on the outside of the package, if such inventory consists only of gaskets;

c. 12 months after the Divestiture Date in packages that display any Clevite trademarks on the outside of the package, if such inventory includes any product other than gaskets; and

d. 24 months after the Divestiture Date in packages on which the only Clevite trademark on the outside of the package is the "AE Clevite Inc." company name.

3. Federal-Mogul may not use the "Clevite" mark in catalogues published after the Divestiture Date, but may continue to use printed catalogues published before the Divestiture Date for an unlimited period of time.

4. Except as otherwise specified herein, Federal-Mogul may not use the Clevite trademarks after the Divestiture Date.

APPENDIX VI

"Non-Automotive Heavywall Bearings"

1. Plain half shell bearings, full round bushings, flange bearings and half and full round thrust washers with wall thickness of greater than .375 inches, EXCEPT for those manufactured and/or sold as of March 6, 1998 by The Assets To Be Divested with wall thickness in excess of .375 inches;
2. Magnetic bearings;
3. Ceramic bearings;
4. Tilting pad thrust and journal bearings;
5. Fixed profile ramp and pad bearings for non-automotive bearings (industrial applications);
6. Rotating plant bearings (mainly for steam turbines, gas turbines, large pumps, large gear boxes, compressors and large electrical machines);
7. NON-POLYMER self lubricated sintered bearings incorporating graphite type, molybdenum type, PTFE type, and other types of dry lubricants;
8. Deva BM type bearing material consisting of a steel backing with self-lubricated sintered layer incorporating solid lubricants such as graphite, molybdenum and PTFE;
9. Devaglide type self-lubricating bearing material that consists of a bearing bronze with pockets filled with solid lubricant;
10. Crankshaft bearings for medium and slow speed diesel engines;
11. Crankshaft bearings for locomotive diesel engines;
12. Profile faced thrust washers for medium and slow speed diesel engines;
13. Solid (not wrapped) steel and bronze backed bushes;
14. Centrifugally cast bearings;
15. Structural bearings for supporting bridges, roads and heavy plant;
16. Road joints;
17. Oil conditioning systems, including centrifugal oil filters and their component parts and screen filters;
18. Oil immersed friction plates;
19. Turbocharger bearings other than for passenger cars or heavy duty trucks;
20. DEVATEX type bearings consisting of 2 layers, both produced by a common cross-winding manufacturing technique, in which high strength polymer fibers embedded in a PTFE filled epoxy resin form the unique bearing surface which is machined; and
21. Rotating plant bearing assemblies (self contained and non-self contained).

Case Ref: P/40.GB2 **Country:** United Kingdom **Patent No:** 2196704 **App No:** 8724225.1 **Grant Date:** 02/05/1990 **App Date:** 15/10/1987 **Applicant:** AE PLC **Desc. Title:** Flanged Bearings

Case Ref: P/76.DE **Country:** Germany **Patent No:** P 2842494 **App No:** 2842494.4 **Grant Date:** 09/06/1983 **App Date:** 29/09/1978 **Applicant:** Vandervell Limited **Desc. Title:** High Strength Bearing Material

Case Ref: P/81.AT **Country:** EP (Austria) **Patent No:** 0048579 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.BE **Country:** EP (Belgium) **Patent No:** 0048579 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.CA **Country:** Canada (No Fee) **Patent No:** 1172599 **App No:** 386328 **Grant Date:** 14/08/1984 **App Date:** 21/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.CH **Country:** EP (Switzerland) **Patent No:** 0048579 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.DE **Country:** EP (Germany) **Patent No:** P3167841 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.FR **Country:** EP (France) **Patent No:** 0048579 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.GB2 **Country:** EP (United Kingdom) **Patent No:** 0048579 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/81.NL **Country:** EP (Netherlands) **Patent No:** 0048579 **App No:** 81304194.4 **Grant Date:** 19/12/1984 **App Date:** 14/09/1981 **Applicant:** GKN Vandervell Limited **Desc. Title:** Ion Exchange Membrane

Case Ref: P/83.GB2 **Country:** United Kingdom **Patent No:** 2156011 **App No:** 85066620 **Grant Date:** 03/06/1987 **App Date:** 14/03/1985 **Applicant:** GKN Vandervell Limited **Desc. Title:** Bearing Damage Indication

Case Ref: P/619.US **Country:** United States (No Fee) **Patent No:** 4386118 **App No:** 704800 **Grant Date:** 31/05/1983 **App Date:** 13/07/1976 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** PPS

Case Ref: P/637.US2 **Country:** United States (No Fee) **Patent No:** 4228895 **App No:** 53,518 **Grant Date:** 15/09/1981 **App Date:** 29/06/1979 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** Laser Beam Welding of Flanges

Case Ref: P/649.AT **Country:** Austria **Patent No:** 376595 **App No:** 2128/79 **Grant Date:** 10/12/1984 **App Date:** 21/03/1979 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** Laser Beam Welding Apparatus

Case Ref: P/649.DE **Country:** Germany **Patent No:** 2943228 **App No:** P2943228.8 **Grant Date:** 25/08/1988 **App Date:** 21/03/1979 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** Laser Beam Welding Apparatus

Case Ref: P/649.GB2 **Country:** United Kingdom **Patent No:** 2041811 **App No:** 8013077 **Grant Date:** 06/05/1982 **App Date:** 21/03/1979 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** Laser Beam Welding Apparatus

Case Ref: P/649.US **Country:** United States (No Fee) **Patent No:** 4326118
App No: 173,134 **Grant Date:** 20/04/1982 **App Date:** 21/03/1979 **Applicant:**
The Glacier Metal Company Limited **Desc. Title:** Laser Beam Welding Apparatus

Case Ref: P/652.US **Country:** United States (No Fee) **Patent No:** 4301213
App No: 165123 **Grant Date:** 17/11/1981 **App Date:** 08/02/1979 **Applicant:**
The Glacier Metal Company Limited **Desc. Title:** PPS Bonded to Steel with Frit

Case Ref: P/662.DE **Country:** EP (Germany) **Patent No:** 3173059.0 **App No:**
81901800.3 **Grant Date:** 27/11/1985 **App Date:** 02/07/1981 **Applicant:** The
Glacier Metal Company Limited **Desc. Title:** Solvents For PPS

Case Ref: P/662.FR **Country:** EP (France) **Patent No:** 0055273 **App No:**
81901800.3 **Grant Date:** 27/11/1985 **App Date:** 02/07/1981 **Applicant:** The
Glacier Metal Company Limited **Desc. Title:** Solvents For PPS

Case Ref: P/662.GB2 **Country:** EP (United Kingdom) **Patent No:** 0055273
App No: 81901800.3 **Grant Date:** 27/11/1985 **App Date:** 02/07/1981
Applicant: The Glacier Metal Company Limited **Desc. Title:** Solvents For PPS

Case Ref: P/662.US **Country:** United States **Patent No:** 4413083 **App No:**
359,664 **Grant Date:** 01/11/1983 **App Date:** 02/07/1981 **Applicant:** The
Glacier Metal Company Limited **Desc. Title:** Solvents For PPS

Case Ref: P/669.GB **Country:** United Kingdom **Patent No:** 2079867 **App**
No: 8023069 **Grant Date:** 16/05/1984 **App Date:** 15/07/1980 **Applicant:** The
Glacier Metal Company Limited **Desc. Title:** High Fatigue Plastic B'ing Mat

Case Ref: P/675.DE **Country:** Germany **Patent No:** 3238987 **App No:**
P32389987.6 **Grant Date:** 16/07/1992 **App Date:** 21/10/1982 **Applicant:** The
Glacier Metal Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/675.FR **Country:** France **Patent No:** 8217638 **App No:** 8217638
Grant Date: 27/06/1986 **App Date:** 21/10/1982 **Applicant:** The Glacier Metal
Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/675.GB2 **Country:** United Kingdom **Patent No:** 2108983 **App**
No: 8230115 **Grant Date:** 19/12/1984 **App Date:** 21/10/1982 **Applicant:** The
Glacier Metal Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/675.IT **Country:** Italy **Patent No:** 1158021 **App No:** 21/10/1982
Grant Date: 18/02/1987 **App Date:** 21/10/1982 **Applicant:** The Glacier Metal
Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/675.JP **Country:** Japan **Patent No:** 1787772 **App No:** 57-184805
Grant Date: 10/09/1993 **App Date:** 22/10/1982 **Applicant:** The Glacier Metal
Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/675.US **Country:** United States **Patent No:** RE.32,595 **App No:** 824,798 **Grant Date:** 09/02/1988 **App Date:** 22/10/1982 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/675.ZA **Country:** South Africa **Patent No:** 82/7687 **App No:** 82/7687 **Grant Date:** 27/06/1984 **App Date:** 20/10/1982 **Applicant:** The Glacier Metal Company Limited **Desc. Title:** PPS/Peek Alloy

Case Ref: P/676.GB **Country:** United Kingdom **Patent No:** 121722 **App No:** 8216621 **Grant Date:** 18/12/1985 **App Date:** 08/06/1982 **Applicant:** AE PLC **Desc. Title:** High Molecular PPS Bearings

Case Ref: P/685.CA **Country:** Canada (No Fee) **Patent No:** 1227184 **App No:** 449,484 **Grant Date:** 22/09/1987 **App Date:** 13/03/1984 **Applicant:** AE PLC **Desc. Title:** PFTE/Peek/Graphite/Bronze

Case Ref: P/685.GB2 **Country:** United Kingdom **Patent No:** 2136439 **App No:** 8406547 **Grant Date:** 16/04/1986 **App Date:** 13/03/1984 **Applicant:** AE PLC **Desc. Title:** Hi-ex

Case Ref: P/685.JP **Country:** Japan **Patent No:** 1590510 **App No:** P11621JP **Grant Date:** 30/11/1990 **App Date:** 14/03/1984 **Applicant:** AE PLC **Desc. Title:** PFTE/Peek/Graphite/Bronze

Case Ref: P/685.US **Country:** United States **Patent No:** 4592782 **App No:** 588,386 **Grant Date:** 03/06/1986 **App Date:** 12/03/1984 **Applicant:** AE PLC **Desc. Title:** PFTE/Peek/Graphite/Bronze

Case Ref: P/698.AR **Country:** Argentina **Patent No:** 236060 **App No:** 302027 **Grant Date:** 30/10/1987 **App Date:** 22/10/1985 **Applicant:** AE PLC **Desc. Title:** Cavit Resistant Bearing Material

Case Ref: P/698.AU **Country:** Australia **Patent No:** 581692 **App No:** 48874/85 **Grant Date:** 09/06/1989 **App Date:** 21/10/1985 **Applicant:** AE PLC **Desc. Title:** Cavit Resistant Bearing Material

Transportation Products Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/918.GB **Country:** EP (United Kingdom) **Patent No:** 0248546
App No: 87304126.3 **Grant Date:** 12/08/1992 **App Date:** 08/05/1987
Applicant: JPI Transportation Products Inc. **Desc. Title:** Heat Treating Bearing
Materials

Case Ref: P/918.IN **Country:** India **Patent No:** 167764 **App No:** 408/DEL/87
Grant Date: 06/09/1991 **App Date:** 12/05/1987 **Applicant:** JPI Transportation
Products Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/918.IT **Country:** EP (Italy) **Patent No:** 0248546 **App No:**
87304126.3 **Grant Date:** 12/08/1992 **App Date:** 08/05/1987 **Applicant:** JPI
Transportation Products Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/918.JP **Country:** Japan **Patent No:** 2502600 **App No:** 138036/87
Grant Date: 13/03/1996 **App Date:** 01/06/1987 **Applicant:** JPI Transportation
Products Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/918.KR **Country:** South Korea **Patent No:** 108516 **App No:**
5544/1987 **Grant Date:** 02/12/1996 **App Date:** 01/06/1987 **Applicant:** JPI
Transportation Products Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/918.MX **Country:** Mexico **Patent No:** 164473 **App No:** 6477
Grant Date: 19/08/1992 **App Date:** 14/05/1987 **Applicant:** JPI Transportation
Products Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/918.US **Country:** United States **Patent No:** 4734967 **App No:**
869489 **Grant Date:** 05/04/1988 **App Date:** 02/06/1986 **Applicant:** Imperial
Clevite Inc. **Desc. Title:** Heat Treating Bearing Materials

Case Ref: P/919.US **Country:** United States **Patent No:** 4751777 **App No:**
06/902538 **Grant Date:** 21/06/1988 **App Date:** 02/09/1986 **Applicant:** JPI
Acquisitions Inc. **Desc. Title:** Full Round Bush Manufacturing Method

Case Ref: P/927.US **Country:** United States **Patent No:** 5026967 **App No:**
07/550085 **Grant Date:** 25/06/1991 **App Date:** 09/07/1990 **Applicant:** JPI
Transportation Products Inc. **Desc. Title:** Vision Enhanced Laser Welder

Case Ref: P/928.US **Country:** United States **Patent No:** 5114246 **App No:**
620727 **Grant Date:** 19/05/1992 **App Date:** 03/12/1990 **Applicant:** JPI
Transportation Products Inc. **Desc. Title:** Floating Flange Half Bearing

Case Ref: P/1997.DE **Country:** EP (Germany) **Patent No:** P3878103.4 **App**
No: 88201810.4 **Grant Date:** 03/02/1993 **App Date:** 25/08/1988 **Applicant:**
Glacier Vandervell SA **Desc. Title:** Dissimilar bearing halves

Case Ref: P/1997.ES **Country:** EP (Spain) **Patent No:** 2037817 **App No:**
88201810.4 **Grant Date:** 03/02/1993 **App Date:** 25/08/1988 **Applicant:**
Glacier Vandervell SA **Desc. Title:** Dissimilar bearing halves

Case Ref: P/1997.FR **Country:** EP (France) **Patent No:** 0307028 **App No:**
88201810.4 **Grant Date:** 03/02/1993 **App Date:** 25/08/1988 **Applicant:**
Glacier Vandervell SA **Desc. Title:** Dissimilar bearing halves

APPENDIX XI

Field of Use

General License Restrictions: Federal-Mogul's rights under these patents will be limited to exploitation of the teachings of the patent only in relation to Non-Automotive Heavywall Bearings. The license will be non-exclusive and royalty-free for the life of the patents. The license will not require the transfer of any technical assistance of know-how relating to the patents. The license will be assignable or transferable only to Federal-Mogul facilities dedicated to the manufacture of Non-Automotive Heavywall Bearings.

Patent P/12: In addition to the General License Restrictions above, the license for patent P/12 will prohibit use at any plant which Federal-Mogul at any time uses for manufacture of Thinwall Bearings that are not Non-Automotive Heavywall Bearings. No materials manufacturing rights will be granted under this license. Rather, the rights to be granted to Federal-Mogul under this license are the rights to take alloy compositions to which Federal-Mogul otherwise has rights, bond the alloy to steel, and perform heat treatment on the bonded material. Beginning six months after the Divestiture Date, Federal-Mogul will not be permitted to use the "AS124" name, or any name with the prefix "AS" or the suffix "124", in connection with any Thinwall Bearings, any Non-Automotive Heavywall Bearings, or any other bearings.

Patent P/686: In addition to the General License Restrictions above, the license for P/686 will prohibit use at any plant which Federal-Mogul at any time uses for manufacture of Thinwall Bearings that are not Non-Automotive Heavywall Bearings. Beginning six months after the Divestiture Date, Federal-Mogul will not be permitted to use the "AS104" name, or any name with the prefix "AS" or the suffix "104," in connection with any Thinwall Bearings, any Non-Automotive Heavywall Bearings, or any other bearings.

CONSENT ORDER, ETC., IN REGARD TO ALLEGED VIOLATION OF
SECS. 5 AND 12 OF THE FEDERAL TRADE COMMISSION ACT*Docket C-3837. Complaint, Dec. 8, 1998--Decision, Dec. 8, 1998*

This consent order prohibits, among other things, two New York-based pharmaceutical companies from making unsubstantiated claims concerning the efficacy of their over-the-counter head lice treatments. The consent order requires the respondents to make certain disclosures in advertisements concerning the use and effectiveness of their head lice treatment products. In addition, the consent order prohibits the respondents from making claims about the extent to which health care, child care, or other medical professionals recommend Baby Orajel, or any other topically applied oral cleanser, unless the respondents have adequate substantiation to support their claims.

Participants

For the Commission: *Linda Badger, Kerry O'Brien, Jeffrey Klurfeld, and Carolyn Cox.*

For the respondents: *Nancy Buc and Philip Katz, Buc & Beardsley, Washington, D.C.*

COMPLAINT

The Federal Trade Commission, having reason to believe that Del Pharmaceuticals, Inc. and Del Laboratories, Inc., corporations ("respondents"), have violated the provisions of the Federal Trade Commission Act, and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent Del Pharmaceuticals, Inc. is a Delaware corporation with its principal office or place of business at 178 EAB Plaza, Uniondale, New York. Del Pharmaceuticals is a wholly-owned subsidiary of Del Laboratories, Inc.
2. Respondent Del Laboratories, Inc. is a Delaware corporation with its principal office or place of business at 178 EAB Plaza, Uniondale, New York.
3. Respondents have manufactured, advertised, labeled, offered for sale, sold, and distributed cosmetics and over-the-counter pharmaceuticals to the public, including "Pronto Lice Treatment" and
