IN THE MATTER OF

IOACTIVE, INC.CONSENT ORDER, ETC. IN REGARD TO ALLEGED VIOLATION OF
SECTION 5 OF THE FEDERAL TRADE COMMISSION ACT.*Docket C-4542; File No. 152 3187**Complaint, September 29, 2015 – Decision, September 29, 2015*

This consent order addresses IOActive, Inc.’s misleading representation of their participation in the Safe Harbor privacy framework agreed upon by the U.S. and the European Union (“EU”). IOActive, Inc serves as a “trusted security advisor” to the Global 500 and other progressive enterprises, helping to safeguard their most important assets and improve their overall security posture. The Commission’s complaint alleges that IOActive, Inc. falsely represented that it was a participant in the U.S.-EU Safe Harbor Framework when, in fact, IOActive, Inc. was never a participant in the U.S.-EU Safe Harbor Framework. Commerce has never included the company on its public website. The consent order prohibits IOActive, Inc. from making misrepresentations about its membership in any privacy or security program sponsored by the government or any other self-regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework. As well as, requiring IOActive, Inc. to supply and retain documents relating to their compliance with the Order for a five-year period. The proposed order mandates that IOActive, Inc. submit an initial compliance report to the FTC, and make available to the FTC subsequent reports.

The Federal Trade Commission, having reason to believe that IOActive, Inc., a corporation, has violated the Federal Trade Commission Act (“FTC Act”), and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent IOActive, Inc. is a Washington corporation with its principal office or place of business at 701 5th Avenue, Suite 6850, Seattle, Washington.

Complaint

2. Respondent describes itself as providing security consulting services.

3. The acts and practices of respondent as alleged in this complaint have been in or affecting commerce, as “commerce” is defined in Section 4 of the FTC Act.

4. Respondent has set forth on its website, www.ioactive.com, privacy policy statements about its practices, including statements related to its participation in the Safe Harbor privacy framework agreed upon by the U.S. and the European Union (“the U.S.-EU Safe Harbor Framework”).

The Safe Harbor Framework

5. The U.S.-EU Safe Harbor Framework provides a method for U.S. companies to transfer personal data outside of Europe that is consistent with the requirements of the European Union Directive on Data Protection (“Directive”). Enacted in 1995, the Directive sets forth European Union (“EU”) requirements for privacy and the protection of personal data. Among other things, it requires EU Member States to implement legislation that prohibits the transfer of personal data outside the EU, with exceptions, unless the European Commission (“EC”) has made a determination that the recipient jurisdiction’s laws ensure the protection of such personal data. This determination is referred to commonly as meeting the EU’s “adequacy” standard.

6. To satisfy the EU adequacy standard for certain commercial transfers, the U.S. Department of Commerce (“Commerce”) and the EC negotiated the U.S.-EU Safe Harbor Framework, which went into effect in 2000. The U.S.-EU Safe Harbor Framework allows U.S. companies to transfer personal data lawfully from the EU. To join the U.S.-EU Safe Harbor Framework, a company must self-certify to Commerce that it complies with seven principles and related requirements that have been deemed to meet the EU’s adequacy standard.

7. Companies under the jurisdiction of the U.S. Federal Trade Commission (“FTC”), as well as the U.S. Department of Transportation, are eligible to join the U.S.-EU Safe Harbor Framework. A company under the FTC’s jurisdiction that claims

it has self-certified to the Safe Harbor principles, but failed to self-certify to Commerce, may be subject to an enforcement action based on the FTC's deception authority under Section 5 of the FTC Act.

8. Commerce maintains a public website, www.export.gov/safeharbor, where it posts the names of companies that have self-certified to the U.S.-EU Safe Harbor Framework. The listing of companies indicates whether their self-certification is "current" or "not current" and a date when recertification is due. Companies are required to re-certify every year in order to retain their status as "current" members of the U.S.-EU Safe Harbor Framework.

The U.S.-EU Safe Harbor Framework Certification Mark

9. In 2008, Commerce developed the U.S.-EU Safe Harbor Framework Certification Mark ("the mark"). Upon request, Commerce provides the mark to those organizations that maintain a "current" self-certification to the U.S.-EU Safe Harbor Framework. In addition, Commerce has established certain rules for using the mark, such as requirements relating to the mark's placement on a website and the inclusion of a link to www.export.gov/safeharbor. The mark appears as follows:

Violations of Section 5 of the FTC Act

Misrepresentations Regarding Safe Harbor Participation

10. In May 2009, respondent submitted to Commerce a self-certification of compliance with the U.S.-EU Safe Harbor Framework, which is publicly available at the www.export.gov/safeharbor website.

11. In May 2012, respondent did not renew its self-certification to the U.S.-EU Safe Harbor Framework, and

Commerce subsequently updated respondent's status to "not current" on its public website.

12. Since at least May 2009 until May 2015, respondent disseminated or caused to be disseminated privacy policies and statements on its website, www.ioactive.com/privacy-policy.html, including but not limited to, the following privacy policy statement and display of the mark:

Safe Harbor Compliance

The company complies with the U.S.-EU Safe Harbor Framework as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of personal information from European Union member countries. The company has certified that it adheres to the Safe Harbor Privacy Principles of notice, choice, onward transfer, security, data integrity, access, and enforcement. To learn more about the Safe Harbor program, and to view the company's certification, please visit the Safe Harbor website.

13. Through the means described in Paragraph 12, respondent represented, expressly or by implication, that it was a current participant in the U.S.-EU Safe Harbor Framework.

14. In truth and in fact, beginning in 2012, respondent was not a current participant in the U.S.-EU Safe Harbor Framework. Therefore, the representation set forth in Paragraph 13 is false and misleading.

15. The acts and practices of respondent as alleged in this complaint constitute deceptive acts or practices, in or affecting commerce, in violation of Section 5(a) of the Federal Trade Commission Act.

THEREFORE, the Federal Trade Commission this twenty-ninth day of September 2015, has issued this complaint against respondent.

By the Commission.

Decision and Order

DECISION AND ORDER

The Federal Trade Commission (“Commission” or “FTC”), having initiated an investigation of certain acts and practices of the respondent named in the caption hereof, and the respondent having been furnished thereafter with a copy of a draft complaint that the Bureau of Consumer Protection proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge respondent with violations of the Federal Trade Commission Act (“FTC Act”), 15 U.S.C. § 45 et seq.;

The respondent, its attorney, and counsel for the Commission having thereafter executed an Agreement Containing Consent Order (“Consent Agreement”), which includes: a statement by respondent that it neither admits nor denies any of the allegations in the draft complaint, except as specifically stated in the Consent Agreement, and, only for purposes of this action, admits the facts necessary to establish jurisdiction; and waivers and other provisions as required by the Commission’s Rules; and

The Commission having thereafter considered the matter and having determined that it had reason to believe that the respondent violated the FTC Act, and that a complaint should issue stating its charges in that respect, and having thereupon accepted the executed Consent Agreement and placed such agreement on the public record for a period of thirty (30) days for the receipt and consideration of public comments, now in further conformity with the procedure prescribed by Commission Rule 2.34, 16 C.F.R. § 2.34, the Commission hereby issues its complaint, makes the following jurisdictional findings, and enters the following Order:

1. Respondent IOActive, Inc. is a Washington corporation with its principal office or place of business at 701 5th Avenue, Suite 6850, Seattle, Washington.
2. The Federal Trade Commission has jurisdiction of the subject matter of this proceeding and of the respondent, and the proceeding is in the public interest.

Analysis to Aid Public Comment

ANALYSIS OF CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission ("FTC" or "Commission") has accepted, subject to final approval, a consent agreement applicable to IOActive, Inc. ("IOActive").

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement's proposed order.

This matter concerns alleged false or misleading representations that the company made to consumers concerning its participation in the Safe Harbor privacy Framework agreed upon by the U.S. and the European Union ("EU") ("U.S.-EU Safe Harbor Framework"). The U.S.-EU Safe Harbor Framework allows U.S. companies to transfer data outside the EU consistent with EU law. To join the U.S.-EU Safe Harbor Framework, a company must self-certify to the U.S. Department of Commerce ("Commerce") that it complies with a set of principles and related requirements that have been deemed by the European Commission as providing "adequate" privacy protection. These principles include notice, choice, onward transfer, security, data integrity, access, and enforcement. Commerce maintains a public website, www.export.gov/safeharbor, where it posts the names of companies that have self-certified to the Safe Harbor Framework. The listing of companies indicates whether their self-certification is "current" or "not current." Companies are required to re-certify every year in order to retain their status as current members of the Safe Harbor Framework.

IOActive provides security consulting services. According to the Commission's complaint, the company has set forth on its website, www.ioactive.com/privacy-policy.html, privacy policies and statements about its practices, including statements

Analysis to Aid Public Comment

related to its participation in the U.S.-EU Safe Harbor Framework.

The Commission's complaint alleges that IOActive falsely represented that it was a current participant in the U.S.-EU Safe Harbor Framework when, in fact, from May 2012 until May 2015, IOActive was not a "current" participant in the U.S.-EU Safe Harbor Framework. The Commission's complaint alleges that in May 2009, IOActive submitted self-certification to the U.S.-EU Safe Harbor Framework and its status was changed to "current" on Commerce's website. IOActive did not renew its self-certification in May 2012 and Commerce subsequently updated IOActive's status to "not current" on its public website.

Part I of the proposed order prohibits IOActive from making misrepresentations about its membership in any privacy or security program sponsored by the government or any self-regulatory or standard-setting organization, including, but not limited to, the U.S.-EU Safe Harbor Framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires IOActive to retain documents relating to its compliance with the order for a five-year period. Part III requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part IV ensures notification to the

FTC of changes in corporate status. Part V mandates that IOActive submit an initial compliance report to the FTC, and make available to the FTC subsequent reports. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.
